#### Thief Takes \$50

Richard L. Reynolds of 21634 Linda Drive told police this week that someone pried open a window at his residence and took about \$50 from a bedside table drawer.

Frequently overloading will ruin a tire long before its tread wears down, tire manufacturers warn. The sidewalls of an overloaded tire flex more than those of a properly inflated tire, thereby building up excessive heat which destroys the fabrics and adhesives holding the tire together.

#### LIFE'S LIKE THAT

By FRED NEHER

"I took a tip from the government and balanced our budget by adding the money you expect to get next month."
