

Major Street Project Announced By Supervisor Hahn for Carson

Award of a \$136,912 contract to McAmis Engineering for the improvement of 223rd Street between Vermont Avenue and Figueroa Street this week was reported by Supervisor Kenneth Hahn.

He noted nine bids were submitted, ranging from a high of \$176,556 to the awarded low bid.

Plans and specifications were prepared by the County Road Department.

"Work is scheduled for completion in December, 1963," Hahn said.

"THIS IS the first of several major improvements planned in the Carson area," said Hahn, whose district was recently expanded to cover Carson and North Torrance.

Work will consist of providing a multi-lane modern highway with curb and gutter, and channelization to facilitate left-turn movements. Included in the work will be the construction of roadway drainage structures and sanitary sewer laterals.

In addition, a full vehicle actuated traffic signal system

with highway safety lighting will be installed at the 223rd Street - Vermont Avenue intersection.

"223rd Street may be closed to through traffic. However, local access from at least one direction will be maintained during the closure period."

"On Vermont Avenue, one traffic lane in each direction

will be maintained at all times."

"On Figueroa Street, two traffic lanes in each direction will be maintained except for the period of time necessary to place the pavement, at which time the southbound roadway may be reduced to one traffic lane."

Supervisor Hahn pointed out that this project is the first phase of the proposed improvement of 223rd Street between Normandie Avenue and Alameda Street.

HE NOTED the present capacity of this highway is 10,000 vehicles per day, while the completed improvement will provide a daily capacity of 32,000 vehicles.

"The completed project will increase safety and correct the roadway structural and drainage deficiencies on this important east-west Master Plan Highway," Hahn said.

Speech Wins Prize

"Torrance, My Home Town," was the title of an award winning speech by Don Mario at the weekly meeting of the Torrance-Lomita Board of Realtors Toastmasters Club Thursday. Mario won the best speech award with his picture of the

city. George Mobley presided over the breakfast session. The table topics award was won by George Hanback and general evaluator of the day was Chuck Cederlof. The best evaluator award was won by Bruce Lane.

Choral Workshop Scheduled For Children at Marymount

The second annual Children's Choral Workshop for students from the fifth through eighth grades has been scheduled for Saturday mornings from 10 a.m. until noon at Marymount College.

Members of the workshop study and perform sacred and secular choral works suitable to their age levels, and in the spring appear in concert. Last year's event drew a standing-room-only audience.

Mother Claude and Mother de la Passion, R.S.H.M., conduct the workshop which is co-educational, and is designed to develop musical awareness and to stimulate growth for the young vocalists.

The workshop opens on Saturday morning, Sept. 28th. Complete details may be obtained by telephoning the Children's Choral Workshop at Marymount College in Palos Verdes Estates.
