

YMCA Request

Surplus Ruling Asked on Site

Members of the Torrance YMCA asked the Board of Education to declare about two and a half acres on a school site near Madison Avenue and Lomita Boulevard surplus land at Monday's meeting of the trustees.

The site, purchased for development of a new elementary school, now contains about 12½ acres. The usual elementary school site is only 10 acres.

R. A. Swartz, 732 Calle de Arboles, asked that the land be declared surplus and placed on public sale in order that the YMCA might bid on the property. He described the site as desirable for the development of a YMCA complex to serve the entire city.

Dr. Kurt Shery, a member of the board, suggested the possibilities of a lease should be investigated. Shery said he

felt a lease would be more satisfactory than sale.

The board ordered a study of the site in order to determine the needs of the school district, S. E. Waldrip, assistant superintendent for business, was asked to conduct a study of the site and make a recommendation on the site plan.

Any sale or lease of the land must be advertised and opened for bidding, with all interested parties competing for the site.

Board members indicated a willingness to cooperate with the YMCA, provided all legal problems can be worked out and a plan developed to determine district needs in the area.

Local Club Agenda

Carolyn Nesterick will speak on Chinese coins at the Oct. 15 meeting of the Torrance Coin Club, 3341 Torrance Blvd., at 8 p.m. Guests are invited.

Hit Musical Opens Light Opera Season

"South Pacific" will open the 16th season of the Long Beach Civic Light Opera, Oct. 31.

Engaged as director and choreographer will be Bill Roberts with musical direction by Jack Kroesen, and Kathy Davis as associate director.

Productions of the Rodgers and Hammerstein hit will run continuously for 12 performances through Nov. 11 in the Concert Hall of the Long Beach Municipal Auditorium, 518 E. 4th St., HE 2-7926.

Union Carbide Workers Reject Union in Vote

A third attempt to organize workers at the Union Carbide Corp. chemical plant in Torrance failed as the result of elections held Wednesday and Thursday of last week, tabulation of the ballots disclosed yesterday.

Sixty per cent of the 71 employees eligible to cast ballots in the election voted against representation by the Oil, Chemical, and Atomic Workers Union.

Tartar Teen Talk

By Pat Adams

It was "back to school night" Wednesday evening, but the teachers had new pupils. The parents of all Torrance High students were invited to attend an Open House, and circulated from room to room during time periods on their student's program. An opportunity to meet the teachers promoted better understanding towards a successful year... we hope!

The American Field Service has extended an invitation to all high school juniors interested in participating in the foreign student exchange program to apply at the Counseling Office. The student who is selected will receive his assignment through the AFS, and students may choose either a summer or school-year program.

The annual Parent Teacher Assn. membership drive is now underway. Class competition is always a guarantee of a successful drive at Torrance High, and this year a \$50 prize is to be awarded to the class which brings in the most memberships.

Football and fall at Torrance

High make life wonderful... seems to offer something new and exciting. Those of us serving on the Student Council are beginning to see council meetings and activities as the pulse beat of campus life.

We are proud of the achievements to date. Perhaps most exciting of all has been the successful Fifth Quarter Rally Dance, an after the game activity calculated to carry merriment and grey spirit away from the game and into the weekend. More of these enthusiastic rally dances are being planned for the future.

THE RADIO station and campus broadcasting mentioned above is bright with promise, and there is so much more. I suppose 10 years from now we'll look back on these days and select ideas of 1963 which had the most telling effect. Radio Torrance High... or Fifth Quarter... or will we rate expanding campus facilities above all this?

The dominant characteristic of life at THS this year is campus growth and expansion. The new Girls' Gym will open soon and the old gym razed, along with the old shops, to make way for a modern library building. Then there are the new football field, the covered concourse, the new vocational arts building, and so much more.

YET, SOMEHOW Torrance High seems the same, and as seniors we have come to believe with some justice that at Torrance High School, it's not the building, but the people in which we take our greatest measure of pride.

Player of the week at the Leuzinger game last Friday (ouch) was junior Dick Kelsey. Saturday, we tackle the North High Saxons at the Tartar field, 8 p.m. LET'S NAIL NORTH.

Board Authorizes Utilities Facility

R. L. Mohr, authorized by the California Public Utilities Commission to establish a mobile radio-telephone system to serve the Southwest, proposes to provide two-way radio communication service on a common carrier basis in the following cities: Rolling Hills Estates, Rolling Hills, Palos Verdes Estates, Torrance, Rtdondo Beach, Hermosa Beach, Manhattan Beach, El Segundo and Hawthorne.
