

Rushin' Roulette by Chon Day

The Travelers Safety Service

Drinking drivers are a major menace on the highways.

Know Your Traffic Laws

Prepared in cooperation with the Traffic Education Bureau of the Torrance Police Department

For some unknown reason, many drivers consider the word STOP to mean slow down, use caution, be careful, proceed with care, reduce speed, or many other things.

STOP can have only one meaning: cease all forward motion.

Each year many persons are killed or injured because a driver failed to make a complete stop. Yield right of way signs are posted in areas where a stop sign is not necessary. Where a stop is required, merely yielding the right of way is not sufficient.

FOLLOWING ARE rules where stopping is required. Remember that to slow down or use caution is not enough. Rules for stops are defined by the California Vehicle Code.

• Stop on reaching a through highway from a side road. In divided highways, a stop sign is often posted on the island or

dividing strip requiring a second stop within the intersection.

• Whenever a STOP sign has been put at an intersection, make a full stop back of the limit line or any crosswalk and look both ways before entering the street.

• WHERE THERE are STOP signs at railway crossings, stop more than 10 feet, but less than 50 feet, from the nearest tracks. If a limit line is marked, stop before crossing it. Do not go ahead until you can see that all is clear. There may be danger behind a passing train.

• When you come to a school bus equipped with a flashing red light, stop. The flashing red light signal means the school bus has stopped to take children on or let them off, and that children will be crossing to or from the school bus. While the red light is flashing, you must remain stopped.

The driver of a vehicle upon a highway with separate roadways need not stop upon meeting a school bus with red lights flashing which is upon the other roadway.

The driver of a vehicle need not stop upon meeting or passing a school bus when the bus has stopped at an intersection or place where traffic is controlled by an officer or a traffic signal.

• PEDESTRIAN crosswalks near school are painted yellow, in the street or roadway. They read: "SLOW...SCHOOL...XING." Slow down for these crossings and stop if necessary.

• You must stop whenever it is necessary for the safety of anybody crossing or walking along the street on foot. Do not overtake and pass another car that has stopped at a crosswalk to permit someone to walk across.

• When a street car is taking people on or letting them off where there is a safety zone, stop back of the nearest door or landing platform and wait until the people have reached a safe place. If the street car is stopped at a safety zone or if traffic is controlled by an officer or a traffic device, you may go by at a speed of not more than 10 miles per hour provided it is safe to do so.

• AT RAILROAD crossings where wigwag or flashing signals, gates or a watchman, show that a train is coming, stop more than 10 feet but not more than 50 feet away from the nearest tracks and wait until the train has passed or until the signal is clear.

• Whenever there is a flashing red traffic light, it means exactly the same as a stop sign. A flashing yellow light is a warning to slow down and drive carefully.

• Approaching a Yield Right-of-Way sign at an intersection, you must slow and stop if necessary.

YIELD the right-of-way to other vehicles which have entered the intersection from an intersecting street or are approaching so closely that they might hit you.

• Wherever there is a steady red traffic light or control signal with the word STOP showing, stop and remain stopped until it turns green or changes to GO.

Temple Plans Class Series On Judaism

The winter adult education series offered by Temple Menorah began Wednesday and will continue on successive Wednesdays through Dec. 11, from 7:55 to 10:30 p.m. it has been announced by the adult education committee.

In accordance with the theme of "Judaism Confronts the Modern World," the lecture series will consider the following problems: Nov. 13, "Jewish Concepts of Man;" and Nov. 20, "Judaism—Marriage and Family."

Nov. 24, "The Jew—His Responsibility to Society;" Dec. 4, "Who Speaks for the Jews?" and Dec. 11, "The Future of Judaism."

Workshops presented prior to the lectures will include: "How to Read the Hebrew of the Prayer Book;" "Jewish Ceremonials of the Life Cycle;" and "A Consideration of the Book of Job."

Dr. Leonard Cole, chairman of the adult education series, FR 5-0878, has further information. The classes are open to the public.

Sixth Grade Class Plans To Tour Bank

Students in the sixth grade class at Van Deene Avenue School will tour the Torrance branch of the Bank of America next Thursday. The tour is part of a social studies lesson in Mrs. Nancy Guenther's class.

Bruce Jones, manager of the bank, will conduct the tour for the class. The youngsters will be allowed to enter the vault and view some of the safe deposit boxes. They will also be taken behind the counters.

After returning to class, the group will discuss the trip and work on a written report about what they have learned. The children also will make oral reports.

Humility leads to strength and not to weakness. — John J. McCloy.
