

AGENCY COMPLETED . . . Finishing touches have been completed at Ray Vane, Inc., at 2909 Pacific Coast Hwy. on the Torrance Airport. The new agency location includes a new car department with a full line of Chrysler Corp. vehicles, and a used-car department. A complete service center has been included, with up-to-date equipment. Ray Vane is president and Jack Harris, vice president. They have extended an invitation to all in the area to visit the new showrooms and service center.

Over 600 realtors and associates from the Torrance and Lomita members of the Torrance-Lomita Board of Realtors are listed in a huge 360-page roster issue of the California Real Estate Magazine now in the mail to 39,000 members of the California Real Estate Assn.

Listed from the Torrance-Lomita Board are 179 realtors and 450 associates.

The growth in membership of the statewide association in the last year was more than 38,000 according to L. H. Wil-

son of Fresno, association president.

Wilson said that more than 15,000 of the members of the association are realtors—real estate brokers recognized as qualified professionals through their membership in the National Association of Real Estate Boards.

"This healthy growth in membership reflects the growing recognition by buyers and sellers of real estate of the professional assistance provided by realtors," Wilson said.

Subdivision Okayed

A two-acre, 13-single-family residential lot subdivision, owned by the Home Builders Realty, has been approved by the Regional Planning Commission for construction north of 220th Street and west of Martin Avenue in the Watson Zoned District.

Following the educator's talk and a discussion, the group will open a fund-raising cock-

tail dance at the Lessen home, according to Neil McGoldbrick, president.

Solon Questions Legality Of Gambling Ads in State

Assemblyman Charles E. Chapel hangs his hat in Palos Verdes Estates, gets his mail in Redondo Beach, and spends a lot of time in Sacramento worrying about legislation affecting the state he loves and the 46th Assembly District to which he owes more than passing obligations.

Assemblyman Chapel also asks questions which sometimes prove tough to answer. He sat down the other day and read several exciting passages in West's Annotated California Codes, and Bancroft-Whitney's California Penal Code, and then asked just such a question.

Which leads Chapel to ask: "The question in my mind is why the attorney general of the State of California, and the district attorneys of the many counties in California have unfortunately failed to read Section 318, California Penal Code. If they have read the Penal Code, why have they failed to take action against the guilty persons and corporations?"

of "blue nose" but says he thinks California laws should be enforced or repealed.

"Gambling joints are run for the benefit of the owners of the joints and not as benevolent recreational centers," he said.

He suggests that persons wondering as he does about the ads for Nevada casinos should write to Attorney General Stanley Mosk at Room 538, Library Courts Building, Sacramento 14, and put the question to him.

CHAPEL disclaims the label

WHAT BUGGED Assemblyman Chapel, it seems, is the flourishing business of advertising plush Nevada gambling spas on billboards, bus cards, newspaper pages, and elsewhere in California—all patently against the law as the assemblyman reads it.

Citing the Penal Code of the State of California, Chapel read:

"318. Place of gambling or prostitution; prevailing upon person to visit; punishment.

"Whoever, through invitation or device, prevails upon any person to visit any room, building, or other places kept for the purpose of gambling or prostitution, is guilty of a misdemeanor, and, upon conviction thereof, shall be confined in the County Jail not exceeding six months, or fined not exceeding \$500, to be punished by both such fine and imprisonment. (Added Code Am. 1880, c. 94, p.40, §:1.)"

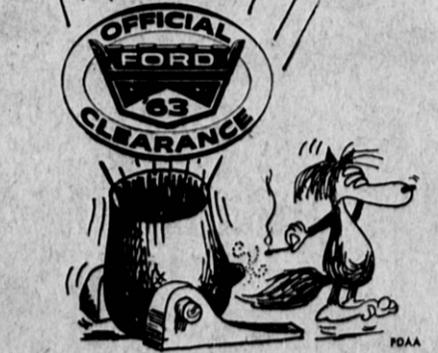

UNDER THIS Penal Code provision, bolstered by leading cases cited by the legislator, advertising in California for any Nevada business on whose premises gambling is conducted is a violation of the law.
