

MARY WIFE Menu Planners

THIS CREAMY VEGETABLE soup comes to us from Luxembourg where the art of combining eating pleasure with economy is part of everyday thinking. A slice of lemon and a dollop of dairy sour cream gives added zest when used as a garnish.

January Fare Needs Nutritious Economy

The Grand Duchy of Luxembourg covers an area of approximately 999 square miles and supports a population of around 314,000. Eating economically, yet well, is a tradition of Luxembourgers and among their favorite recipes, according to representatives at the United Nations, is this Creamy Vegetable Soup.

A box each of frozen carrots, spinach, peas and lima beans may be substituted for the fresh vegetables.

And it's true the world around that creamy, rich-in-milk-nutrients soups make ideal main dishes for economical yet nutritionally-balanced meals.

CREAMY VEGETABLE SOUP

- 2 cups diced carrots
- 2 cups shredded spinach
- 1 1/4 cups shelled peas
- 1 1/4 cups shelled lima beans
- 2 cups diced potatoes
- 1 1/4 cups sliced onions
- 4 tomatoes, quartered
- 1 1/4 cups chopped celery
- Boiling water
- 3/4 tsp. salt
- 1/4 tsp. pepper
- 2 tsp. marjoram
- 2 cups milk
- 2 lbs. butter
- 2 lbs. lemon juice
- Lemon slices

Combine vegetables in a large saucepan; add enough boiling water just to cover; simmer, stirring occasionally, until tender.

Drain the vegetables, reserving liquor. Sieve or blend vegetables in blender.

Add salt, pepper, marjoram, milk, butter, lemon juice and reserved vegetable liquor. If thinner soup is desired, add additional milk.

Garnish each serving with a slice of lemon and a dollop of sour cream.

Holiday Time Brings Old Friends Together

The Adam Krauszer home at 2318 Sonoma was again the setting for the festive holiday get-together as members of the former Girl Scout Troop 1299, of which Mrs. Krauszer was a leader, assembled for their twelfth annual Christmas party on Monday evening.

This group of girls, many of them married, have been friends since their grade school days. At this annual party, they are joined by their mothers for an evening of reminiscing.

A candle arrangement be decked with serpentine, on the table, carried out the New Year's theme. A punch bowl was enjoyed and a highlight of the evening was the showing of slides of the continental trip this group made during the summer of 1959. The evening was concluded with the serving of refreshments.

Bringing Up Baby.

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

One of your baby's earliest educational devices is his sense of touch. Once little fists flutter open, he literally feels his way into life. As fingers explore he comes to know the difference between hard and soft, rough and smooth, warm and cold. Your cherub not only learns but gets a lot of pleasure from a variety of textures. Good reason to select toys with different surfaces. Fluffy, nubby, smooth or ribbed fabrics for a small baby...various plastics, metals, woods for an older tot.

Great news for budding "gourmets": Gerber Strained or Junior Creamed Corn. Smooth-textured and sunny-colored, it's bound to make a big hit with little ones.

Talkathon tactics. Babies love to be talked and cooed to. Doesn't much matter what you say, it's the friendliness you put forward when you say it. Your baby is acutely aware of sounds and will delight in a lighthearted lilt... derive security from a caressing tone. Besides, the baby who is talked to a lot when he's young, is apt to form his own words faster. Happy gabfesting!

Food for thought. Texture is important when it comes to food, too. Gerber Strained Foods are famous for their exceptional smoothness. Variety is also important, to stimulate appetite interest and provide a wide range of nutrients. Gerber offers over 50 lip-smacking choices, from fruits to meats, dinners to desserts.

Another small-fry flavor special is Gerber Strained Creamed Cottage Cheese with Pineapple. The mildest cottage cheese is delicately laced with luscious pineapple and smoothly creamed into a dream of a dish. A good source of protein, it also provides Vitamin B-12, an important B-vitamin.
