'Fairy Tiara' Inspires Delicate New Jewelry

Delicate rhinestone tiara by Sustain is handsome, airy and light in feeling. Worn here as a crown, it can easily become either a necklace or tiara or a single strap on a strapless gown, by bending the wires.

Unique Method of Using Twisted Wire Makes Pieces Usable in Various Forms

BY EDNA MILES

JEWELRY with the look of dewdrops trembling on a cobweb is not only a new idea in costume jewelry fashions, it's ideal for wear on sheer, fragile summer dresses.

Designed by Sustain, this new jewelry sprang from a request of the designer's three-year-old daughter for a "fairy tiara." He made it for her, and from that came the notion that big girls, as well as small, might like such pieces.

Made by hand, these pieces are gossamer in effect. The newest collection, for summer, features tiny flowers done in delicate motifs. There are tiaras to be worn with matching earrings of white daisies, blue forget-me-nots, and yellow black-eyed Susans. There's another special series of stylized flowers in a rainbow of opalescent pastels.

The entire collection includes glittering rhinestones, synthetic pearls, jet and porcelain beads, and all of them handled for an airy, fragile effect.

Because the stones are hand-set on hand-twisted wires, the pieces are versatile. The tiara, for instance, can be worn as a necklace, too, or as one strap on a strapless evening gown.

Iridescent petals with brilliant rhinestone centers are set by hand into flexible metal wires and shaped into earrings, pins and tiara-necklaces. These are ideal for wear with pale-colored, sheer summer dresses.

MOO QUADS—While the fourth calf waits three of the quadruplets on the C. A. Sprague farm near Michigan City, Ind., form their chow line. The proud mother bore her offspring unattended and veterinarians say their survival is very unusual.

Ticklers By George

THANKS TO BARRY.

PARISIAN "SKI-REWBALLISM" — S'no snow in Paris these warm summer days, so French Olympic ski champion Henri Oreiller, who is also a singer and composer in a Parisian cabaret, gayly "staloms" down the Champs Elysees on a pair of wheeled skis. The apparently unconcerned gendarme gives the impression that such stunts are as common in France as in the U. S.

Be sure to check on all details of a purchase contract for an automobile. A man bought a used car and noted on the invoice that he was charged extra for "overdrive." Upon checking the car, he found that it did not have an overdrive. If a buyer finds that he has been charged for "phantom" accessories on a car, he should report the matter to the Office of Price Stabilization.

Laundries cannot charge more for washing white shirts than for colored shirts if their prices were the same for both at the time of the price freeze. OPS ceiling prices for laundry services are the prices charged for such services in January, 1951.
