

Chamber of Commerce President Robert Plomert Jr. begins his annual vacation on August 2. Heading for points north, Plomert will return on September 1. Dr. Gerald Eastham, first vice-president of the Chamber, will be acting president during Plomert's absence.

A young Torrance housewife last Wednesday night, beat off an assailant who attacked her in the back yard of her home, according to police. Mrs. Richard Bowman, of 1611 Crenshaw Blvd., said she was taking in the family wash about 9 p.m. when she was suddenly grab-

bed from behind by a man who apparently was lurking in the shadows. Mrs. Bowman and the marauder struggled for several minutes before she delivered a solid blow with a flashlight she had been carrying, the victim told Det. Capt. Ernest Ashton.

(Continued from Page 1) deadlocked negotiations. Under the terms of the new agreement, no employee is required to join the union in order to hold his job. However, each new employee is given an application for union membership. The membership automatically becomes effective 30 days after employment, unless the employee notifies the company in writing that he does not wish to become a union member.

The mighty midgets of the URA road over the Carrell half mile oval again on Saturday night and railbirds predict that one of the most thrilling thunderbug cards of the year was in store for race bugs. The Gardena racing strip, rated as the fastest midget track in the west, will draw a field of 40 for the time trials which get underway at 7 p.m. First scheduled event on the eight race card is set for 8:30 p.m. Saturday night's show will be free to all youngsters under 12 if accompanied by an adult. Servicemen in uniform are also gratis at the 174th and Vermont oval. All seats are \$1.50.

Chamber Growth (Continued from Page 1) members in 1952 has already been reached. In commenting on the tremendous growth of the Chamber, Dale Isenberg, executive secretary of the organization, stated, "New business men are quick to seek membership in a Chamber of Commerce as they know people have worked hard to make this community what it is today. In line with this thought the Chamber campaigned successfully for Better Schools, more Efficient Government, Effective Public Safety Program and stands for anything that will make your community a better place to live and work. New business men also

know people alone don't make a community, people working together do; and that is where your Chamber of Commerce comes in. New business men and women are anxious to lend a hand in their community's development."

Life Life sometimes seems to be composed of little but slow periods of five minutes each, quite often following one another almost indefinitely, like a string of elephants. — New York Times.

1. Increase the job class 1 rate by 12½ cents and increase the spread between job classes by ½ cent.

2. Six paid holidays, double time for holidays worked, with appropriate provisions as to eligibility.

3. Increase shift differentials to 6 cents per hour for afternoon shift and 9 cents per hour for night shift.

4. Three weeks vacation after 15 years of service, effective January 1, 1952.

5. Decrease southern differential of U. S. Steel and Republic by 5 cents an hour. Other differentials of 5 cents or less to be eliminated; where in excess to be negotiated.

6. Above adjustments to be effective upon end of strike, except that for present employees general increase in wage rates specified in item 1 above will be retroactive to March 1, 1952.

7. New agreements to run to June 30, 1954, reopenable by either party as of June 30, 1953, on the subject of general adjustment of wage rates only with the right to strike or lockout after June 30, 1953, upon appropriate notice.

8. Charge existing union security provisions to provide 15 day withdrawal periods for all union members at end rather than beginning of contract, procedure for withdrawal to be the same as set forth below, unless otherwise negotiated. Add to existing union security provisions, as changed, the following provision:

"Each new employee shall sign and furnish to the company at the time of his employment an application card, in duplicate, for membership in the union, in a form agreed to in writing by the company and the union. A copy of such card shall be furnished to the employee. Such application card shall provide that it shall not become effective until the expiration of 30 days after the date of his employment and that it shall not thereafter become effective if such employee shall mail to the company a written notice of his election not to become a member of the union, which notice shall be postmarked not less than 15 days and not more than 30 days after the date of his employment. The company shall promptly furnish to the union a copy of each such notice received by it. If such application shall become effective at the expiration of such 30 days, one signed copy of it shall then be turned over to the union. The union shall be given reasonable opportunity to inspect all such notices which shall be received by the company.

9. Each company and the union will complete negotiations as to all other contract provisions and as to the detailed application of the above items, all to the end of executing a new collective bargaining agreement as promptly as possible.

10. Upon ratification of this memorandum by the Union International Wage Policy Committee, the strike will end and the employees, without discrimination because of the strike, will be returned to work as soon as the orderly resumption of operations permits.

INCINERATORS . . .

(Continued from Page 1)

bring Torrance in line with Los Angeles city and county regulations on construction and use of incinerators.

According to Chief Benner burning hours are limited to 6 to 10 a.m., because there is less wind, more moisture in the air, less chance of smog accumulation, and less chance of soiling the neighbor's washing.

Fire Permit

Uncut grass and weeds growing about property may be burned from 6 a.m. to 3 p.m., provided a fire permit is obtained from the fire station, and the burning is at all times supervised, the chief stated.

The new law also makes it unlawful to maintain a fire hazard, such as uncut or cut dry grass, trash, rubbish, weeds, or papers on vacant lots or near homes.

SQUARE FEET . . .

(Continued from Page 1)

rance, the City Council of the City of Torrance hereby declares this Ordinance to be an urgency measure, the immediate adoption of which is necessary for the public safety and general welfare, and that this Ordinance shall take effect and be in full force immediately after the passage and adoption hereof.

Language is not only the vehicle of thought, it is a great and efficient instrument in thinking. — Sir Humphrey Davy.
