

Auto Laundry Has Latest In Equipment

and will do as good a job as any in the business. "We'll keep up with the latest developments in washing cars," Rose stated. The laundry, which features a three-minute car wash, is open every day of the week, from 8:30 to 5 p.m. and on Sundays it is open 'til 2 p.m. Rose, who is formerly from

New York has been in the hotel, business. He has lived in California ten years.

KNOW YOUR REALTY BOARD

BY Grace Hinshaw

Paul Cameron was born and educated in the great farming state of Iowa, but soon after graduation went with his family to the most westerly of the three Prairie Provinces of Canada where the foothills of the Rockies and the prairies of western Canada meet in the rich province of Alberta. The Camerons were

there and took part in the great oil discovery and boom near Calgary, Alberta. This was an event to discover an oil deposit of this magnitude, for Alberta now produces more than three-fourths of the total Canadian petroleum output. When the oil boom quieted down a bit, the Camerons established and operated a chain of stores in this area. Then, with his wife and their four children, the Camerons migrated west to the growing city of Vancouver, British Columbia, where they started a thriving real estate business in this fast-expanding city. Mr. Cameron operated his real estate business in Vancouver for a number of years, spending vacation time in California with the family. And, of course, the inevitable happened — California grew on them; they pulled up their Ca-

nadian stakes and moved to the Torrance-Lomita area. The Camerons chose Torrance Gardens to live and Mr. Cameron is associated in the real estate business with H. J. Osborne at 1536 W. Pacific Coast Highway, Harbor City. Mr. Cameron is active in the Torrance-Lomita Realty Board and he is also a member of the State Real Estate group, the CREA.

Torrance Auto Laundry, 1724 W. Carson St. (at Western) recently opened under new management. Alfred Rose, the new owner, states that the auto laundry has acquired new equipment
