Finch Favors Salary Hike

Seventeenth District Congressional candidate Robert H. Finch yesterday went on record as favoring salary increases for postal employees, according to Russell E. Ward, Finch's press manager.

"Postal employees haven't received a raise in three years," the candidate stated, "and really need one now."

Finch, an Inglewood attorney, is candidate for the Congressional seat now held by Representative Cecil King.

SEEK KING'S RE-ELECTION

Formation of a co-partisan committee to re-elect Congressman Cecil R. King in the June primary balloting was completed yesterday and plans mapped to bring out a record vote of both Republicans and Democrats for him in the Seventeenth district.

Co chairman George Gordon termed King as the "top choice" for the voters of the Seventeenth district and pointed out that the veteran legislator has valuable seniority in Congress and is noted for his impartial representation of all the people of his district, Republicans and Democrats alike.

South Bay businessman Hugh P. Doherty, and an ardent Eisenhower backer, spoke and called attention to King's voting record in support of the Republican program.

Mrs. Wells Seeks Seat In Congress

Mrs. Opal Wells, Redondo Beach housewife and candidate to congress on the Republican ticket from Seventeenth Congressional district, said this week that she believes stronger measures can be taken toward economy in government.

A resident of the beach city for 32 years, Mrs. Wells stressed the importance of reaching a tight budget without endangering the nation's defense. It is her belief that women are naturally budget conscious and are therefore suited for public office when tax reductions and economy are important issues.

Who's Vicious? Kids or Kitten?

A Siamese Tom cat has become the center of heated controversy between its owners and 34 residents in South Torrance. Residents are up in arms because the cat has attacked, scratched, and bitten four children, according to a complaint filed with the district attorney. The cat's owner blames the cruelty and viciousness of the children for what happened.

The cat belongs to Mr. and Mrs. Robert Goetz, 5029 Milne drive. Residents there are not satisfied with the district attorney's recent ruling that the cat must be kept confined a all times. They fear the possibility of the cat's escape on some occasion and the harm it may cause among the children.

Kids 'Unmerciful'
 While residents want drastic measures be taken with the cat, the district attorney indicated that such will be the case only in the event the cat escapes one more time.

Equally incensed about the situation is Mrs. Goetz, the cat's owner. She claims that not once has the cat escaped since its confinement. Furthermore, a fence is being built around her yard where the cat will be kept eventually. The cat's viciousness, Mrs. Goetz states, is the direct result of "unmerciful" treatment at the hands of the children who allegedly teased the cat and threw rocks at it on numerous occasions.
