Painting Stucco

Answers to questions about Nalcrete

Q. What new development has revolutionized the painting of stucco homes?

A. "Dutch Boy's" amazing new polymer paint, Nalcrete.

Q. How does Nalcrete differ from ordinary paints when first applied?

A. Ordinary stucco paint often looks blotchy at first then "weathers" out to a uniform color. But Nalcrete gives a beautiful, uniform color the instant it is dry.

Q. What happens as Nalcrete "ages"?

A. Nalcrete holds its color without fading; washes sparkling clean in hard rains, leaves no, dirty streaks. It defies sun, storm and fog, and, most important, it does not react with the alkali present in most masonry surfaces.

Q. Is Nalcrete available in colors as well as white?

A. Yes... in a wide range of colors from the "Dutch Boy" Color Gallery, plus easy intermixes.

Building Inspectors District Chairman Addresses Meet

the city council for faulty enforcement of the building code. No state investigation was ever made of the Watt tracts.

Among the alleged faults listed by the homeowners and submitted to the city council last year were: serious settling of homes; cracked and chipped bath and kitchen fixtures; hardwood floor buckling; lack of grading in rear yards, creating drainage toward the homes; cracked and warped rafters; floor joists sagging.

Charges Denied

At the time these charges were made, a spokesman for the contractor labeled them as the outbursts of a few disgruntled individuals rather than the majority opinion.

It was also maintained that "minor" defects cannot be avoided and every attempt was made to correct them.

Any responsible individual of authority is welcome to look at the company's books, the spokesman said at the time.

Miss Charlotte Elsie Anderson and Miss Eleanore Ann Lowen have each been awarded a \$250 scholarship to Pepperdine College in Los Angeles.

Miss Anderson is the daughter of Mr. and Mrs. Samuel Buena Anderson of 1230 Cota avenue, Torrance. Miss Lowen is the daughter of Mr. and Mrs. James Philip Lowen of 1820 Calamar.
