TruVal DIGBY

The French have a word for it—*trompe-l'oeil*, meaning this is a shirt that fools the eye... because it looks so costly and costs so little. Made of long wearing white broadcloth, Sanforized, to keep that trim, efficient, fit. Have it with a regular point fused collar, or with a soft spread collar with stays... but have it, by all means.

If shirts had beauty contests this would take the prize! **\$2.65**
