

Band Featured on Sunday at Central Park

Slated for this Sunday's free Torrance Park program, sponsored by the Torrance Recreation Department, is the local Ferrera Accordion Studio. About 100 youngsters, all with an accordion, will be on hand to entertain picnickers beginning at 1 p.m.

Each Sunday a program is held at the Torrance Park Band Shell, featuring talent from various studios and programs.

Tables are available in the Band Shell area, allowing picnickers to eat and enjoy the music at the same time.

MODERN OFFICE . . . Up-to-date in every way is the office of Southwest Savings and Loan association, located at 1439 Marcelina ave. After only 16 months of operation locally, the firm reports that assets for the Torrance branch now total a whopping \$6,972,827, and that investors now number over 1,100. Main office of this progressive firm is located

in Inglewood. Shown above is staff of local office. Standing at left is Mrs. Barbara Martino, escrow officer. Seated, left to right, are Eldon J. Bowen, vice-president of the firm and manager of local branch, Miss Beverly Peterson, clerk, and Mrs. Faye Copple, bookkeeper. See story on Page 1.

MILL SHIPS ALUMINUM NATIONALLY

Living up to its slogan, "Making the Most of Aluminum . . . For Everyone," Harvey Aluminum produces aluminum shapes for practically every field that utilizes the versatile metal.

From the local mill, Harvey ships aluminum to thousands of fabricating companies throughout the country in such industries as aircraft, automo-

tive, textile, residential and commercial construction, electronic, truck trailer, ship building, furniture, appliance, agriculture, house trailer, and sporting equipment.

Included in the many shapes being made by the 42-year-old

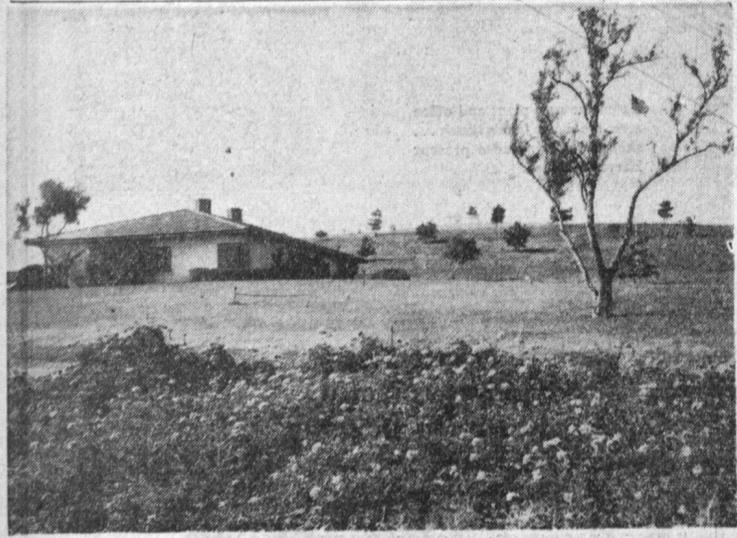

Torrance firm are extrusions in all alloys and sizes, special extrusions, press forgings, hollow sections, structurals, rod and bar, forging stock, pipe, tubes, impact extrusions, aluminum screw machine products, and related products.

Auto Dealer Discontinues Pontiac Line

W. I. Buffington, head of Buffington Motors at 204 North LaBrea, Inglewood, has sent a notice of termination of contract to Pontiac Motor division of General Motors, effective September 1. This agency has been the factory authorized Pontiac and Cadillac dealer for Centinela Valley since 1939.

"This area has enjoyed tremendous growth in both population and wealth the past few years" stated Buffington. "And recognizing this, Buffington Motors has felt, even with its greatly expanded facilities, it could not do a creditable sales job for two factories. Of more importance, we were finding it increasingly difficult to maintain the same high quality service to our car owners to which we have made them accustomed over the years.

"Therefore, we have decided to concentrate on the Cadillac line for new sales. We consider it a real privilege to be able to handle on an exclusive basis, the fine Cadillac automobiles, a make which has so long enjoyed the greatest public acceptance in auto history

ROLLING HILLS . . . Set among the rolling hills high above the Pacific is the beautiful Green Hills Memorial Park. Non-sectarian, with arrangements for endowment care, the

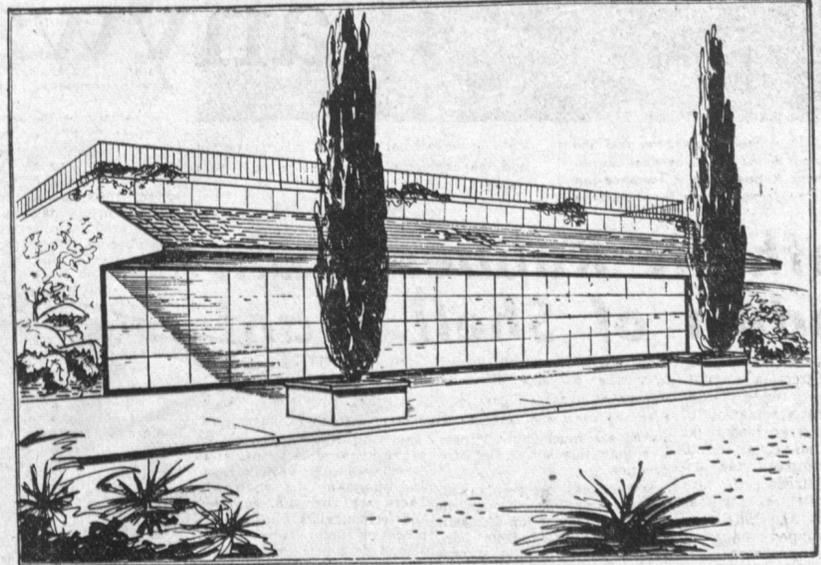

cemetery serves the entire bay area. It is located at Palos Verdes Drive North and Western Ave., in San Pedro.

as the standard for the car world. "While we expect to have more Cadillacs to distribute in the future, we still continue our policy of giving first priority to the people in our trading area.

"Buffington Motors is planning to retain the present staff of service personnel, and thus will be always ready to fulfill our service obligations to Pontiac owners locally, as well as to our Cadillac owners," Mr. Buffington added.
