## Shocked at Rape, Pastor Speaks

Editor  
Torrance Press

Yes, I too was shocked when I read the story of the seventeen boys that raped a young girl. But, where do we go from here? What are we going to do about it?

It is high time that we in this city gave more attention to religion, to church going and believing in Jesus Christ.

The youth of our city are restless, because they are going hungry, not for physical food but for spiritual food. The youth of our city need Christian training, they need to learn about God and His Son, Jesus Christ whom we sent into this world. Our young people need to go to church and Sunday school, they need to be active in the young peoples groups of our churches. Why are so many of our young people not active in church and Sunday school? The answer is a shameful one, because so many adults, parents, city leaders, school teachers, and policemen are not active in the church.

We can't force our young people to church, but we can lead them. Mr. and Mrs. Torrance Citizen, do you want to help our young people? Then let them see you going to church. When school teachers, policemen, doctors, lawyers and civic leaders accept Jesus Christ as the Savior of the World and will become Sunday school teachers and youth leaders in our churches and help to teach the gospel of Jesus Christ to our young people they will both help themselves and our youth.

Mr. and Mrs. Torrance Citizen, it is time that you stopped being horrified at what our youth are doing and thinking and out of gratitude for God's abundant blessing start investing time and money into God's program, the church. The Bible tells us "Psalm 127:1 "Unless the Lord watches over the city, the watchman stays awake in vain." Some of us are investing time and money into the religious programs of our community, but we can't do it alone, we need help from every Torrance Citizen.

How much do the immoral magazines on many of our newsstands in our stores contribute to the immorality of our youth?

I write this letter as your friend and as a friend of our youth.

Sincerely,  
(S) PASTOR PAUL WENSKE  
First Evangelical Lutheran Church

## Yellow Journalism?

I think it was awful of you to have such a big story on the 17 boys who raped the little 14-year-old girl. I don't think a newspaper should print such stories, much less splash them all over the front page. I think that was a shameful example of yellow journalism.

## Disgrace

Editor  
Torrance Press

We have a complaint which we think Torrance should be interested in. The right of way belonging to Southern California Edison Co., running from 190th street, north along Ermanita, is a disgrace to the Edison Co. and to the city of Torrance. It is allowed to flourish with weeds and is plowed only if people living along Ermanita call the company time after time. When the center is plowed and the edge is left to go to seed. It is not only unsightly, but injurious to our hay fever and asthma sufferers and to our lawns.

It is a constant source of irritation to all the people living along Ermanita, and makes our work in our own yards doubly hard as we try to improve our

wish to thank you for the fine support and cooperation given our PTA unit.

Surely you were very instrumental in making our PTA a success, but then, you have helped breathe life into our unit from the beginning.

The PRESS' generosity is a marvelous thing to all organizations in their quest for publicity.

We realize how important is the space in your Society Section to the success of the organization and its work on behalf of school children. Your helpfulness and kindness in providing it for us is very much appreciated, by all of us at Halldale.

Thank you many times,

Editor  
Torrance Press

The Los Angeles Council of Girl Scouts recognizes the tremendous contribution you have made to the Los Angeles Community Chest during the past year.

As a member of the Chest, The Girl Scouts greatly appreciate the assistance that you have given us. Without your cooperation we would not have been able to meet the responsibility that has been delegated to us—the responsibility to provide a sound program for girls between the ages of 7 and 17 who wish to join the Girl Scouts of the United States of America.

We would not be able to continue serving our growing girl population without your continued support.

Thank you for all you have done. We are looking forward to another year of working with you.

Sincerely,  
(S) MRS. WILLIAM M. RAINS, President.
