YWCA Starts Course For Mothers-to-be

The Stork club of Torrance has nothing in common with the other establishment of that famous name located in New York City. As a matter-of-fact, the local club is actually a YWCA

course of eight sessions, offered to prospective mothers in the community to prepare them physically and emotionally for childbirth.

Beginning on Tuesday, July 31, at 8 p.m. at the YWCA, 2320 W. Carson st., the course is open only to expectant mothers, who must bring written permission to attend from their personal physician. Mrs. Doris Alles will be instructor, and there will be a fee for the eight sessions.

Dennee's...

(Continued from Page 25) that an average of 50 calls are made each day by his department on TV sets alone.

The present Dennee building is an outgrowth of the TV Exposition staged by its founder in 1949 in an old garage. This was followed by Dennee acquiring a furniture store adjacent to the garage, followed by the establishment of a drug store which occupied the corner. Later, three retail stores were acquired at the southern end of the building adjacent to the post office, which was incorporated into one building. At one time, during Dennee's fabulous growth, the firm had seven separate locations in Southern California.

At the time of the exposition, the firm employed eight persons; today, there are 35 employees.
