Horsley...
 (Continued from Page 1)
 scratches on his face at that time.
 Howard M. Russell, attorney for Horsley, moved for dismissal of the case on grounds of no actual proof that Horsley was involved and that the evidence presented was circumstantial. This request was denied. The attorney indicated that he will enter an innocent plea.

Letters...
 (Continued from Page 1)
 their children in preventing juvenile delinquency and has done all that is possible to enlarge students education.
ROSEMARY SIET, Grade 10, N. Torrance high school: Torrance should be the All America City for 1956 because it is an all American City with modern ideas and a rapidly growing population. It is a well organized city with the interest of its resi-

dents firmly supporting its government.
TOM CARTER, Grade 11, Torrance high school: Torrance should be the All America City for 1956 because it is a City worthy of the national praise and honors it will receive, proven by our phenomenal growth and progress in recent years.
JUDY NANCE, Grade 12, Torrance high school: Torrance should be elected the All America City for 1956 because Torrance shows great industrial opportunities. It has supported

Page 16 TORRANCE PRESS Thursday, November 8, 1956
 itself well while growing up into the great town that it is. Torrance will continue to grow both in population and opportunity.
MRS. EDITH FREEMAN, Adult Letter, 1565 222nd st., Torrance: Torrance should be the All America City for 1956 because ideally located, it is a mixture of classes and nationalities progressively united and harmoniously governed, showing some of the greatest advancement in population, construction and industry.

Hospital...
 (Continued from Page 1)
 workers and their families," Revell said. "There are more than 10,000 men and women in plants in this area who actually will require hospitalization this year. It is obvious that the 63 beds at Torrance Memorial cannot begin to handle this patient load, so it is up to industry to give its fair share in creating enough beds to see that our workers have adequate hospital facilities."
134 Physicians Participating
 As the industry group swung into action, Dr. Gerald M. Eastham, chairman of the doctors campaign committee, disclosed that 134 physicians in the area have agreed to participate financially in the campaign. The medical steering committee had set a goal of \$150,000 for the doctors, Dr. Eastham said, but with the unexpectedly large number of physicians who have agreed to take part, this total may be increased. The doctors will hold another meeting within the next two weeks to discuss the matter.
 Meanwhile, the medical steering committee is proceeding with plans for formation of the medical staff so it will be a functioning unit when the hospital opens its doors early in 1958, and is conferring with the architect to assure that the most modern and effective type of medical facility will be built.
 The new voluntary, non-profit, tax-free institution will be located on 10 acres on Torrance Blvd. near the intersection of Hawthorne Blvd. and will serve Torrance, Playa del Rey, El Segundo, Manhattan Beach, Hermosa Beach, Redondo Beach, El Nido, Waverly, Lomita, Palos Verdes, and Rolling Hills. It will be planned for 125-beds but will be expandable to 250 beds.

Parking...
 (Continued from Page 1)
 ave. north of Double st. from the parking district.
 4) A change was made in the lot proposed on Cabrillo ave. south of Double st. Under the new plan, the city would have a 60-foot lot on Cabrillo instead of a 90-foot lot as originally planned. In addition, the city would buy two 30-foot lots facing on Border ave. behind the lot on Cabrillo.
 5) It was decided to buy three additional lots on Gramercy ave. just west of Cravens ave. in addition to two which are already slated for use. It was also decided to eliminate one lot on the south side of Marcelina ave. just west of Cravens from the parking district.
 George Binder, downtown property owner, also offered to trade land which he owns at the corner of Torrance blvd. and Sartori ave. for land which the State owns at the corner of Cravens and Engracia.
 Binder indicated that the state-owned property will be used for an employment office, but is presently used as a parking lot.
