Yes . . . . .

That's right. If you live in the Torrance area, your floor plan will require approximately 48 square yards of carpeting.

Not . . . . .

33 1/2 or 40 square yards that so many stores advertise as being average. Baker's advertises a price that is realistic. That is, a price including carpeting, labor, 40-oz. padding, chrome door metal stripping for 48 square yards which is about your required yardage.
