

Assigned

Army Pvt. Jimmie R. Timms, son of Mr. and Mrs. Cloyce Timms, 2343 250th st., Lomita, recently was assigned to the 98th General Hospital staff in Neubrucke, Germany.

DISTRICT OPERATES AT LOW COST PER PUPIL

The Torrance Unified School district has been operating at the most economical cost per pupil of any of the 30 larger unified districts in the state for a number of years, according to the office of school superintendent.

For example, in 1954-55, the per pupil cost of these 30 districts varied from \$253.06 to \$381.87 per pupil. The average was \$325.51, but Torrance's cost was \$253.06 per pupil.

In 1955-56 the cost per pupil varied from \$266.45 to \$397.37. The average cost was \$336.88; Torrance's per pupil cost was \$266.45.

In 1956-57 the amount budgeted for these districts varied from \$304.59 to \$424.85 per

pupil. The average cost per pupil budgeted was \$372.00. Torrance budgeted about \$307.80 per pupil.

The new budget now being prepared will find Torrance in lower brackets on a cost per pupil basis as usual. In fact, the budget being prepared will put Torrance at about the 1954 average of all 30 districts.

The districts include San Francisco, Los Angeles, Burbank, Montebello, Alhambra, Stockton, Pasadena, Riverside, and other selected districts which are either unified city districts or governed by a single governing board.

These figures were taken from the 1957 report of the California Taxpayers assoc. Torrance school costs will still be in the lower 10 per cent of school cost throughout the state, according to school officials.

Madison School Plans Dropped

Plans for the construction of a new school at 238th st. and Madison st. were dropped by the Torrance Board of Education.

Reason for the move is the announcement of the new shopping center at Sepulveda and Hawthorne which would reduce the construction of homes in that particular area.

WE ARE all of us fellow-passengers on the same planet and we are all of us equally responsible for the happiness and the well-being of the world in which we happen to live.—Hendrik W. van Loon.
