Nickolas Drale Thanks Helpers In His Campaign

"To the hundreds of unselfish men and women of Torrance who have contributed their time and their efforts in behalf of my candidacy for Mayor, I extend thanks from the bottom of my heart," Councilman Nickolas O. Drale said today.

"As long as the citizens of this great land of ours take the time—and interest from their busy lives to help elect the kind of men they want in public service—then this land of ours will continue to be great and strong and good."

"We have conducted the best kind of campaign that we know how. We are confident of victory."

"We have set forth our aims, beliefs and the principles that mark our political way of life. But, whatever the decision of the electorate, we accept it. Our democratic way of life, set forth within the framework of our Republic, is the finest government that man has yet devised. May we cherish it, respect it and be ready to do battle for it

The Dentist Says: Reducing Nervousness During Visit

"I need many teeth pulled, but I'm very nervous at a Dental office. What can be done about this?" asks Mrs. B. F. of Torrance.

Modern American Dentistry has made great progress in recent years to ease Dental pain and reduce nervousness during dental procedures. Here are several methods to choose from:

1. Prior to any dental work the patient is given tablets that tend to relax and reduce fears. This works well for those who are mildly nervous.
 2. For those more nervous, the patient can be put to sleep by either Sodium Penthol or Sodium Seconal. In our office there is no extra charge for extractions with either Novocin or Sodium Penthol or Sodium Seconal.
 3. If the patient has hospitalization insurance either through employment or Blue Cross or C.P.S. then the extraction can be done at the local hospital with Sodium Penthol and the patient can stay in the hospital a day or two. The cost is usually paid by the insurance.
- One of these methods usually suits those who are mildly nervous to those severely nervous. Feel free to discuss your problem in detail in the near future. No appointment necessary. Open every evening and all day Saturday.

get Credit for the Dental care I need?" asks Mr. G. L. F. of Gardena.

Yes. We welcome out of state patients and extend them liberal credit terms.

When a patient comes in our office we make an examination of their teeth and give them an exact estimate of what the cost will be.

Credit terms can be arranged to fill every type of need. No down payment is necessary. As long as 18 months to pay. Six weeks before a payment is necessary, also all the family can have their teeth fixed and pay one small monthly payment.

We also have a good Credit plan for those who don't have Credit established at all.

We also welcome pensioners in our office and make arrangements for the state to pay most of their necessary Dental bill.

Our office will make every effort to solve your credit problem. No appointment necessary. Open every evening and all day Saturday.
