**FAMILY SIZE TURKEYS**

**Clark Markets**

Here are small, young turkeys... deliciously tender with lots of meat on small bones. They're spotlessly clean, ready for your roaster or B.B.Q. spit. You'll find you have just enough meat for a family meal with enough left over for sandwiches.

4 to 8-lb. Average

When roasting these fine birds, be sure the breast is faced down, so the natural juices and fat baste the white meat, thereby keeping it moist. If you have only a flat rack, turn bird 2 or 3 times during roasting.
