

### Horkey-Moore President Points Out Satisfactory Company Growth

Sales and earnings of Horkey-Moore Associates, Torrance, in the fiscal year ended June 30, 1959, reflected very satisfactory company growth, Edward J. Horkey, president, reported today to stockholders.

Sales of \$2 million represented a gain of 140 per cent over the total for the previous fiscal year. New income for the year was \$6 per share. A five per cent

stock dividend, payable to stockholders of record as of May 22, 1959, was declared. The return on stockholders' investment corresponds to 60 per cent for the fiscal year 1959, compared to 30 per cent for 1958. A profit-sharing plan for all employees, retroactive for fiscal 1959, has been established.

"This year's successful growth reaffirms our faith in the type

of organization we started in 1957," Horkey pointed out to the stockholders. Backlog as of June 30, was in excess of \$1.5 million and is steadily increasing. The company was recently awarded three direct prime contracts with the Defense Department.

Horkey reported that the company plans to occupy, shortly, a new facility. This will bring the total to four adjoining facilities with 33,000 sq. ft. under roof to handle the new work.

Horkey-Moore associates is a relative small company with design, testing and flexible manu-

### WINS SCHOLARSHIP

William R. Lee of Torrance won a Kraft Scholarship prize at the University of California at Berkeley.

facturing capabilities which, in many ways, are optimum in this rapidly changing technological era. The company performs a variety of tasks for the aircraft, missile and electronic industries but is not tied to a specific production or facility capability. As proprietary item capability increases, applicable production facilities can be added.

### New Food Giant Opens at Harbor

The big new Food Giant Market in the Harbor Heights Shopping Center, 28849 Western Ave., San Pedro, one of the largest and most modern in Southern California, is slated to open its doors next Wednesday, August 26, according to Food Giant manager Vince Michael. Opening festivities and special low prices will continue into September. Though its front doors are still

closed, the quiet appearance of the new Food Giant is deceptive. Truck after truck swings up to the unloading bays in the rear to have its load of non-perishable goods removed, priced, and stacked neatly on the gleaming shelves. By opening day, shelves will long ago have been filled and cartons full of replacements will

be piled to the rafters in the store's back-room storage area. Filling the empty store to capacity will be thirty days' work for eight men.
