I've built 1000 homes, all kinds-- for my own, I built Medallion

AL SOLOMON, PRESIDENT, ALCO-PACIFIC CONSTRUCTION COMPANY.

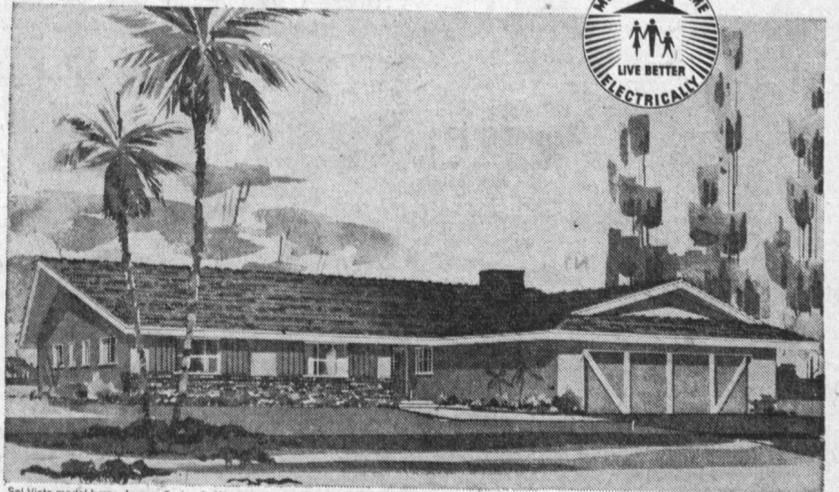

"When we built our own home, my wife insisted on an all-electric kitchen. Needless to say, I agreed with her. We confirm what so many others have found: electric cooking is cleaner and cooler. "In our large home, we have use for many electrical appliances and are adding more all the time. But because we had ample Housepower in the first place, wiring is never a problem. "For my money, a home should be built to Medallion requirements. And I believe most home buyers today would

like to move up to Medallion standards of living. That's why my new Sol Vista, Luxury Series, Homes in Westminster will bear the Medallion Award."

Only one new home in five qualifies for the Medallion—an award which assures you:

1. All-electric kitchen, equipped with major electric appliances, including flameless range and oven.
 2. Housepower wiring for modern electric living.
 3. Light for Living—abundant light designed for comfort, safety and beauty.
 4. Flameless electric space and water heating.
- The Gold Medallion Award includes all these Medallion features and more. For total electric living, the Gold Medallion adds:

Sol Vista model home, Luxury Series, in Westminster.

Hospital Benefit Dinner Tickets Go on Sale at C-of-C Offices

Among the early purchasers of tickets to the Founders Day dinner for the benefit of the Little Company of Mary Hospital were Dr. Vincent J. Rounds, chief-of-staff of the hospital, and Dr. John A. Wilson. The banquet will be held at the Plush Horse the evening of January 25.

Dr. Wilson, former chief-of-staff, had high praise for the new medical facility. "The hospital has been well received by the community, evidence of that is the fact that more than 10,000 patients have been served since the hospital opened a year ago."

E. J. Champion, member of the board, urged those interested in attending the affair to secure their tickets as soon as possible in order to avoid disappointment. Tickets are on sale at the hospital, Hermosa, Redondo and Torrance Chambers of Commerce, Harbor Savings and Loan Association and Levy's Department Store.

CHILD MOLESTER

One of the most horrible offenses in the sordid history of crime is the brutal sexual attack on the body of a small, innocent child. The threat of the child molester hangs over each and every community in our country. Swift and decisive action is necessary to assure that these human vultures who prey on children will be removed from our society. A foremost measure of crime prevention against this type of criminal is a program of educating children in regard to the dangers of being lured by strangers. The protection of the Nation's children is the responsibility not only of parents but also of police and the public.
