

Low Cost Payroll Record

(Continued from Page 13-A) ing concern for the taxpayers, said more than half of Torrance taxes go for schools. "There's always pressure at budget time to increase the city staffs but the taxpayers can't stand much more," he said.

Diversified Zinc Smelters

(Continued from Page 4-A) versity to a graduating senior of the Torrance School System each year. Currently, two winners of the scholarship are attending UCLA and two others the University of California at Berkeley. The company sponsors recreation programs at the Normandale Playground and a Little League baseball team for youths of this area.

SERVICE CLUBS
Pacific Smelting Company is represented in several local service clubs and actively supports community charities such as Community Chest and Red Cross. The company is represented as a member of all the major technical and trade associations in the zinc industry.

The firm is very proud of its numerous activities for its employees, including its profit sharing plan, its annual company picnic, company sponsored golf tournament, fishing tournament and bowling tournament. It publishes its own house organ called the "Pasco Zincer."

In the development of the Pacific Smelting Company, it has become recognized as a company whose products are of the highest quality in the field, a company which offers continuously fair and efficient service and treatment of its employees and customers alike, a company which participates in the community in every respect.

A Message to Note

Read Colossians 3:12-17
Let this mind be in you, which was also in Christ Jesus. (Philippians 2:5)
One sunny spring morning I was a guest in a rural home in Minnesota. While I was sitting in the living room reading a book, my hostess came in. As we talked briefly, she went to the window and turned some flower pots. I asked her why she disturbed the lovely plants. She replied, "Plants grow toward the light; and if they are not turned occasionally, they do not grow straight."

After she left the room, I pondered what she had said. Growing toward the light became a searching test for me. I thought of Jesus' words, "I am the light of the world." Across the centuries I heard Him say again, "Learn of me." "Follow me."

The Christian life is not static, but expansive. There are always deeper insights to gain and loftier heights to scale. Even Paul confessed that he had not arrived, but still reached out for the goal. It is we who fix the limits of diving blessings we receive. It is not a question of God's willingness to give, but of our capacity and willingness to receive.

PRAYER: Help us, dear Father, to look unto Jesus, our Savior and Master, and learn of Him: learn to trust Thee as He did, as He obeyed, to love as He loved, to walk as He walked, and to serve with His compassion. In His name, Amen.
THOUGHT FOR THE DAY

In the school of Christ we always have deeper insights to gain and loftier heights to reach.

Theodore W. Anderson (Illinois)

TUBEROUS BEGONIA
Tuberous Begonia tubers will make their appearance in C.A.N. nurseries this month. Set them in flats of moist peat to sprout them and then plant in flats of leaf mold, peat and sand. When the tops have about two or three inches of growth later in spring, plant them in the garden or set them in pots for use on the deck.

HANGING BASKETS
Hanging basket Fuchsias can be cut right back to the rim of the basket. They should also be removed from their container and placed with new soil after you've rubbed away some of the soil on the outside of the root ball.
