### Mission Night Scheduled at Serra High

From the very outset of his pontificate, His Holiness Pope John XXIII, stressed the importance of the Missions in the apostolate of the Church today. In keeping with this directive, the sodality of Junipero Serra High School in Gardena, working in conjunction with the religion department of the school, sponsored a Mission Night, recently.

Plans included four short speeches by priests connected with the work of the missions. The missionaries engaged to speak were: Rev. John A. Houle, S. J. of Loyola High

School, former missionary in China; Rev. Richard Graham, S.V.D., recruiter for the Society of the Divine Word; Rev. Robert Golish, M.M., also a former missionary in China and now connected with the Maryknoll Procure; finally, Rev. Donald F. Bracht, S.M., former principal of Serra and presently head of the newly organized Marianist Mission which has headquarters in San Francisco.

Following the talks there was an intermission period during which time refreshments were served and the

four priests stationed themselves at booths decorated with pictures and literature of their respective works. At this time they answered any personal inquiries which the parent or students may have had, either verbally or through distribution of pamphlets and leaflets.

The evening closed with the showing of various films and slides of actual life in the missions.

### Costumes Important For Spring

In line with the ensemble look for Spring, two classic outfits are offered in two new collections... a silk surah print dress, topped by a slim wool coat, lined to match its dress... and a three-piece silk costume, jacket and skirt in solid color with print overblouse. Both are firm foundations on which to build a spring wardrobe.

The expression — "a costume season" can be sweet music to the ears of fashion conscious women. So, it's good news today — as costumes and ensembles step out with real swing for the new season.

Worth talking about are the two-and-three part fashions—usually starting with a handsomely-shaped sheath that can "go it alone" anywhere and everywhere in smart style.

Add to this a bright coat dramatized by a matched-to-the-dress lining, a demi-fit jacket, a bolero or a sweater and the dress becomes doubly important in any setting.

Smart basic dresses, interesting and exciting by themselves are often enhanced this season by capes, and jackets with a cape-effect. At smart late-day and evening gatherings these ensembles are destined to make a grand entrance.

Two-piece ensembles of overblouse and skirt are often topped with casual cardigan jackets, lined and unlined. Many of these take printed tops that coordinate with the solid colors of jacket and skirt.

For dramatic date time settings, scooped neckline sheaths show off when barely-there jackets, caplets or brief boleros removed.

Such double life ensembles as the dress with 7/8's coat, or a fitted tunic jacket are ideal for glamour settings too.

Dress and sweater duos — from the most simply stated classic for the office, for the vacation trip or Sunday excursion—look to their more dressy and sophisticated sisters in bejeweled cashmeres over silks, silk linens and other simple but elegant fabrics.

The ensembles are exceptionally exciting this year because this fashion group provides endless opportunity for color mating, mixing, coordinating or color bating! Tops and terrific for any fashion agenda are the countless inviting combinations of color an dparts to spell out the c-o-s-l-u-m-e.
