

This sign is posted along 101 Hwy (between Crenshaw and Hawthorne Blvd.) and has been there for 5 years. Its frontage extends over $\frac{1}{2}$ mile. The City of Torrance wants to lease this land for commercial development.....this is another good reason why we need more residential homes in the City of Torrance.

We respectfully urge our city fathers to adopt the rezoning of the 155 acres of industrial land so that our city can continue to grow as it has in the past.
