Vel's Ford Opens New Sales Site

(Photos on Page A-11)
Grand opening celebration for the new Vel's Ford sales and service center is being held this week at 20900 Hawthorne Blvd., according to Vel Miletich, president, and Ben Kazarian, vice president.
The completely new Ford agency opens officially Friday, with festivities continuing through Monday, Dec. 7.
With "Service is Our First Concern" as its theme, the new agency emphasizes pre-delivery and after-sales service.

The entire building is completely air-conditioned, including the new 35,000 square foot service department. This will be the largest service department under roof in Southern California.

All modern equipment has been installed including a safety lane which will be open free to the public at all times, a roomy, comfortable customer lounge, restaurant, and an automatic car wash and polishing rack.

The new service department is completely glass enclosed to allow the service customer the possibility of personally watching all service work being done to his automobile. The new service department is equipped with 20 separate hoists capable of lifting any make model car or truck from the smallest compact to the largest heavy duty truck.
Vel's Ford parts department is increasing its size and scope to offer the public the largest, most complete selection of genuine Ford parts in Southern California.

Space Ship Will Visit Foods Co.

Local children will be treated to free trips to the moon this Thursday and Friday when Frankie Luer brings his huge space ship to the Foods Co. Markets at 17500 Crenshaw Blvd. (Thursday), 2655 Pacific Coast Hwy. (Friday).

Free trips in the rocket ship will be available from 2 p.m. to 7 p.m. daily.
Built by Luer Packing Company to entertain their young friends, Frankie Luer's Space Ship is an authentic 60-foot replica of the giant interplanetary ship of the future.

Inside its metal hull, the space ship contains a comfortable 34 seat auditorium where children are seated for their 7-minute trip to the moon.
During their trip the young space travelers experience all the thrills of super-sonic flight, from the first surge of power as the ship blasts off to the final bump as it lands again.

Technically, the Luer Space Ship is a mechanical and electronic wonder. The full color animated film of the trip is projected onto the front "view plate" by means of a lens device that resembles a periscope.

This allows a projection space of a few feet to accomplish the same thing as a huge auditorium projection room, and adds realism to the film.

Vibrators mounted in the tail of the ship give the illusion of flight with both sound and vibration.

Other unique devices on the Luer Space Ship record altitude and flight time in a series of lights that can be seen by the passengers. Captain Frank will be happy to have you aboard.

'Dear Ruth' Selected as North High Drama Offering

Lory Hansen, North High senior, was selected for the lead role in "Dear Ruth," a comedy to be presented by the drama department, at 8 p.m., Dec. 6, 7 and 8, in North High's cafeteria.

Miss Hansen, daughter of Mr. and Mrs. Andrew L. Hansen, 17228 Eastwood St., Torrance, will play Marium, the teenager whose correspondence causes all the confusion.

Others in the cast include Anna Alden as Ruth; Mike Jones as Bill; Dave Smith as Albert; Don Almar as Harry; Marilyn Harris as Edith, and Niel Hollister as Harold.

The play is being directed by Mrs. Judie Haas, drama and English instructor; and

Have You?

Torrance residents have been reminded contributions are still needed to help pay costs of this year's entry in the Pasadena Rose Parade.

Donations may be mailed to P.O. Box 512, Torrance. Use Torrance Press Classified ads for quick results. Phone DA 5-1515.
