What will happen 16 years from now if our college is built upon the Fox Hills Golf Course?
Where will the state get the extra land the college needs to grow? How much will that land cost 16 years from now?

FOX HILLS SETBACKS OFFER US NEW HOPE

Lt. Gov. Questions Site In Letter to Gov. Brown

Lieut. Gov. Glenn M. Anderson Friday ripped the veil of secrecy from the so-called 'College City' proposed for Fox Hills Golf Course by the Board of Trustees of California State Colleges.

Lieut. Gov. Anderson exposes the plans as a higher-cost private development which eventually would be paid for by the students and faculty.

In a letter cautioning Gov. Brown to give the Fox Hills site a "very thorough examination," Lieut. Gov. Anderson said that the 'College City' would "result in a further increase in cost to our young people, and another roadblock to their acquiring a college education."

Up until now, 'College City' was just a phrase because the Board of Trustees had not spelled out exactly what was meant by those words.

Anderson's letter casts some light on exactly what is proposed to be built at Fox Hills, and by whom.

Anderson revealed in his letter to Gov. Brown that it is proposed that the state buy 100 acres and build high-rise buildings for teaching and academic functions ONLY.

A private developer

Torrance Efforts Win Praise by Community Chest

Highest admiration was expressed last Wednesday, March 27, for Community Chest volunteers in Torrance for their efforts in making the 1962-63 Harbor Area campaign a success.

Fred W. Mill, chairman, heaped praise on volunteers and donors from different parts of the Harbor Area during the Seventh Annual Installation and Awards Banquet at the Plush Horse Inn, Redondo Beach.

"It's satisfying," said Mill, "to find that so many people in our Harbor communities really do care for the future of health, welfare and youth services."

Complete Text Of Letter to Gov. Brown

The text of the letter of Lieut. Gov. Anderson to Gov. Brown follows:

"I would like to express to you my concern about the proposed state college at Fox Hills.

"Chiefly, I am concerned with the additional costs which may have to be borne by the students and faculty at the college because of the newly proposed type of development being considered.

"Under the new proposed plan, the state would acquire one hundred acres on which the state would construct high-rise buildings for teaching and related academic functions.

"Such facilities as student dormitories, faculty housing, student unions and cafeterias, and student and faculty parking would be provided by private developers, at a cost to the students and faculty which would necessarily include amortization of the developer's investment (including interest at current rates), local property taxes, and the developer's profit on his investment.

"The Trustees have indicated that these costs must be 'appropriate,' but there is at present no policy that they must be in line with costs of similar facilities on other campuses.

"It would seem to me that from a practical standpoint, a private developer who must pay county property taxes, who must pay higher interest rates than the state, and who would require a profit on his investment, would naturally have to charge higher rates.

"This inevitably must lead to higher costs for our students and faculty than under our present system whereby the state constructs and maintains many of these facilities.

Lieut. Gov. Anderson then cautioned, "As you know, I have been worried over the rising cost of education to our students. It would now appear that this new method being proposed would result in a further increase in cost to our young people and another roadblock to their acquiring a college education."

Gov. Brown is Chairman of the Board of Trustees of the college system.

THAT'S MY SISTER, says Kathy Los, pointing to a picture of Rosemary Los in The Press. Rosemary was one of the El Comino students in the college's Associate Degree program, featured in a

page of pictures. The girls gain clinical experience at Little Company of Mary and other area hospitals three days a week.

Trustees Again Delay Final Decision on Site

The Board of Trustees of California State Colleges announced last Wednesday that the selection of the site of the new college for this area has again been delayed, — this time indefinitely.

Chancellor Glenn S. Dumke said the matter was being removed from the agenda of the May meeting which is being held up north in Humboldt County, near the Oregon border.

Dumke did not specify a later time for the site selection to be considered. The June meeting is said to be at Los Angeles State College, much closer to home.

Dumke said that his staff and the consulting architect for the college, A. Quince Jones, are continuing the study of the Fox Hills Country Club for the possible development there of a 'College City complex' as suggested by the site selection committee of the Board of Trustees at the March meeting.

The site selection committee stated a "preference" for the Country Club site, providing that the surrounding land use was integrated into the campus master plan.

The committee also went on record that it would recommend approval of a site in the Palos Verdes Peninsula if the 'College City' plan for Fox Hills did not materialize.

Letters

Editor:

You bet, we DO want this college in our own Torrance. We are behind you all the way. Good luck.—Mrs. Henry Landry, 2552 Sonoma St.

Editor:

The Press has just arrived—we want to be among the first to return our coupon in behalf of our college.—The Mosleys, 23846 Wood St.

Editor:

Fox Hills area has UCLA handy (a state college); all we have is USC (a private institution with high tuition). Long Beach State College is too far away.—Karl R. Larson, Lorraine A. Larson, Mrs. Ada Anderson, 3256 Dalemead St.

Editor:

Keep up the good work! Thank you for giving us, the public, a chance to speak. I most definitely believe that the South Bay State College should be located in Torrance.

Thank You — Mrs. Jean Rayner, 139 E. 216th St.

Editor:

Our new college SHOULD be in Torrance.

I agree that any attempt to plan our college elsewhere is a stubborn refusal to act in our best interests.—Mrs. Pauline Dobson, 4625 Jacques St.

APRIL FOOL'S DAY comes tomorrow and the above picture is our feeble attempt to get into the spirit of the day. Guess who the faces are in the montage and then guess where you'll

see them. Those who win will get a borge victory. Win or lose, we hope that April showers all that is good upon you, no foolin'.

Safety Council Of L.A. Plans Torrance Luncheon

The Los Angeles chapter of the National Safety Council will hold a luncheon meeting in Torrance Wednesday, April 3, at 12 noon at the International House of Pancakes, 21710 Hawthorne Blvd.

Theme for the meeting is "Community Vehicle Safety Check." Speakers will be Newton L. McLaughlin, secretary of New Car Dealers Assn., Long Beach; Walter C. Lunsford, national representative, Auto Industries Highway Safety Committee; and Jack Tuttle, of Chrysler Corp.

Persons interested in attending this luncheon should call Clair Gall, at the Torrance City Hall, FA 8-5310, for reservations, no later than 12 noon Tuesday, April 2. Cost of the luncheon is \$2.25 per person.

It'll Soon Be Dr. John Lucas

John A. Lucas, principal of South High School, received confirmation that he completed the last hurdle of his Doctor of Education degree at the University of Southern California by passing oral examinations, Monday, March 18.

Dr. Lucas came to Torrance in September, 1955. He has served as boys' advisor at Torrance High School, assistant principal at North and South High Schools, until his appointment as principal in 1959.

JOHN LUCAS

Root Becomes Manager

Charles S. Root has been named manager of the Peninsula Center Office of the Pacific State Bank. Root has served in Torrance for another banking institution.

BEGINNERS ARE WELCOME to the sewing circle proposed by Mrs. Becky Schaeffer, of Torrance, whose story you'll find on Page A3. Shown above is 'beginner' Clare (Jellybean) Schaeffer,

nearly two, the daughter of Mrs. Schaeffer, who is checking mother's measurements on the, pardon us, dummy.
