### NEW TWIN WHITE SIDEWALL

CMA SPECIAL!

Our finest tire! New twin whitesidewall—A feature of some of the better 1965 cars! You can have the ultimate, premium features, and 1965 styling of the Dunlop Elite 55 Tubeless Nylon Tire at the lowest prices in America! Patented safety shoulders on the sides of the Elite climb ruts, ridges, and centerlines without lurch or sickening jolts. And they hug the road on turns, especially at high speed or on wet surfaces. Polybutadiene tread compound imparts unusual road gripping quality, absorbs tire vibration and deadens squeal. Twin-white sidewall is made with non-yellowing DuPont Hypalon and the Elite is lined with chlorobutyl rubber to hold air five times better than ordinary casing rubber. In short, the Elite has everything you've been looking for in a premium tire!

Tired of messing around with batteries that don't live up to their claims? Then get the best! Get on Exide Ultra Start with the extra capacity and top-quality construction that prevents most battery trouble. One service call can more than make up the difference between a so-called "bargain" battery and the premium-grade Exide Ultra Start. This battery is so good, it will still be going strong when you trade your car. Whether it's one year, two years, three years or four years from now. Remember, you get what you pay for and with Exide you get the results of 74 years of experience in building batteries. Stop in for an absolutely free battery test today. If your battery is weak and making your car difficult to start, trade it in now before you get stranded out on the road and have to buy a replacement at full retail prices.
