

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations. Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place. And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months! In fact, results were so thorough that sufferers were able to make such astonishing state-

ments as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing. All this, without the use of narcotics, anesthetics or strychnine of any kind. The secret is a new healing substance (Bio-Dyne*) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body. This new healing substance is offered in suppository or ointment form called Preparation H*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

EXHIBIT SLATED . . . Arthur Schneider, noted modern painter, is shown here with one of his latest works, "66 in N.M." The canvas depicts an electrical storm witnessed by Schneider and his wife while driving through New Mexico on Route 66. An exhibition of his works opens Monday at Great Western Savings and Loan Association.

Montgomery Senior Cited for Top Achievement in English

Tracy Anne Tracey, a Bishop Montgomery High senior, has been cited as one of the outstanding high school English students in the nation, according to a spokesman for the National Council of Teachers of English.

Miss Tracey was named a winner in the council's annual achievement awards competition. She was one of 860 finalists, chosen to represent 820 schools in the 50 states.

James R. Squire, executive national secretary of the council, said the students honored with awards would be recommended for college scholarships. Nearly all the winners will earn scholarships, he added.

Miss Tracey is the daughter of Mr. and Mrs. William Tracey of Bushnell, Ill. Sister Celine Marie, CSJ, was her English instructor last year.

Scouts Keep Camp, Club Finds Task

A check for \$300 to the Local Girl Scouts from the city's Rotary Club solved two problems. The 500 Girl Scouts faced eviction from their campsite because they could no longer find a place to stay. The Rotarians, according to Bill Cowan, were looking for just such a project. "We had the money ready," said Cowan.

just looking for a local project, and what could be more local than this," said Cowan.
