About Cars and Things
 by
Ray Vane

Hold your hats, the 1966 cars
 are coming. We are always
 vitally interested in what's
 new. Sometimes, it is pretty
 hard to find out. Seems the
 car makers don't talk as much
 as they used to about engi-
 neering and the car itself.
 Take Mustang for instance,
 Big sales success. Yet, the im-
 pression you get from their
 advertising is that the pur-
 chase of one will transform
 a jerk into a lothario. Like "a
 little dab will do you." Like
 "buy two and we'll give you
 a baseball bat to keep the
 girls away, instead of a shoe
 horn to help you get in."

Mustang isn't the only one
 advertising this way. Yet, an
 automobile is primarily a
 device to help you go from
 point A to point B in quick
 comfort. Obviously, over the
 years, great improvement has
 been made in engines, trans-
 mission and things other than
 chrome trim.

Chrysler, bless its corporate
 heart, has been a leader in
 much of this engineering ad-
 vance. And, they advertise
 their mechanical excellence in
 a way you must accept. They
**Put Their Money Where Their
 Mouth Is** with the 5 year and
 50,000 mile warranty. If the
 cars were not that much bet-
 ter, they couldn't do it.

Well our '66 cars are com-
 ing in now. They run dandy.
 They look good. Might be
 they could change your per-
 sonality. You might need a
 baseball bat (but no shoe
 horn). But that is ridiculous.
 How could your lovely mag-
 netic personality be improved
 upon?

Come see and drive our
 wonderful machines on Sept.
 30 at 2909 Pacific Coast High-
 way, in Torrance.

P.S.—We still have some
 '65 models to sell.
