

PARNELLI'S CAR . . . Al Ryfle, general sales manager of Vel's Ford, examines a special J. C. Agajanian Hurst 98 Special driven by Parnelli Jones of Torrance in the 1965 Indianapolis 500. The custom built \$50,000 race car is now being displayed at Vel's showrooms, 20900 Hawthorne Ave. Ryfle said the car will be displayed for a limited time.

Bank Adds Footage, Decorates

Construction of additional banking facilities for Security First National Bank's 190th & Anza branch is under way and plans for the expansion project were announced by Manager Gilbert A. Pando.

According to Pando, a 2,500-square-foot extension is being added to the existing structure's east wing, giving the bank an overall capacity of more than 8,000 square feet of office space.

The addition, which will blend with the architectural design of the building, will house the officers' platform area, the note department and enlarged safe deposit facilities, and provide extended quarters for the branch's escrow department. Several new teller windows also will be opened.

A new conference room, for general banking purposes, will be included in the expansion project and the bank's new mazzanine floor will be utilized to accommodate supplies.

In extending the service scope of the branch, located in the North Torrance Shopping Center, the interior decor will carry out the contemporary features of the present quarters. New drapes, furniture and flooring will be provided.

PANDO SAID that in addition to renovating the interior, the bank's exterior will be completely repainted.

"Improved customer services and convenience are the keynotes in this major project," Pando said.

Spartans Speak

By Norma Burkus

Juniors are boss! Watch the freshmen win! Seniors, victory! Is there going to be a fight?

Well, not exactly, but there will be a close cut battle to see which class will be first to reach the 100 per cent mark in the PTA drive. The winning class will receive a plaque for its achievement, and a recent movie will be shown during classtime. Don't be the last on your block to join South High's PTA.

Special recognition this week goes to Sunny Phillips, designer of the senior class card. Her design is now being printed and the cards will be on sale during December. Congratulations, Sunny.

Senior class sweaters are due back Friday. You can pick up yours in the Activities Office during both lunches and reorders will be taken at this time.

Board Okays Storm Drain On Brighton

Plans and specifications for the \$300,000 Brighton Avenue storm drain, to be constructed in portions of the Harbor District of the city, and in unincorporated county territory, have been approved by the Los Angeles Board of Public Works and sent to the City Council for concurrence to permit early construction.

Bids were opened by the County Flood Control District on Oct. 8 — with an early award of contract expected — as this is a project financed by the county wide storm drain bond issue of \$225,000,000, said District Councilman John S. Gibson Jr.

Plans for this project will provide for the construction of about 3200 linear feet of main line conduit and appurtenant structures lying generally in Sepulveda Boulevard beginning at a point about 700 feet west of Vermont Avenue and coursing in a northwesterly direction to a point 100 feet east of Brighton Avenue.

Construction is expected to be completed in 120 calendar days after the award of the contract by the County Board of Supervisors.

McCone Elected To USC Board

John A. McCone, former director of the Central Intelligence Agency and a Los Angeles industrialist, has been elected to the Board of Trustees of the University of Southern California.

McCone received an honorary degree from the university during last May's commencement exercises.
