## Three Men Held for Car Theft

Three men were arrested on suspicion of grand theft auto and suspicion of arson Thursday evening near Crenshaw Boulevard and Rolling Hills Road.  
Booked on the charges at the Torrance Police Department were Stanley George Stock, 23, of 25227 Loytan; Rex Paul Brown, 22, and Frank Cinquemani, 25, both of Hermosa Beach.  
Officers Walter H. Nitz and Bradley E. Parsons observed the three men about 10 p.m. and stopped to question them. The motor was missing from one car at the scene and tires and wheels on the car did not fit. Officers discovered a bucket of gasoline inside the small late-model car.  
The three men were arrested and taken to the Police Station. Nitz and Parsons also confiscated a highway flare which apparently was to be used to ignite the gasoline.

wars. The first one was caused because Germany was thwarted by France and England when Germany sought to get some colonial possessions, yet England and France cooperated in grabbing all they could get. They blame the Second World War on the inequities of the peace treaty at Versailles. If Wilson's 14 points had prevailed, the Germans feel, there would not have been a Second World War.  
Both the Social Democrats and the Christian Democratic Union support West Germany's membership in NATO and close ties with the West. Most of the German people talked to prefer that their government side with the United States rather than France if a choice has to be made.
