AUTOMOBILES For Sale 190

Some Volkswagen owners look down on other Volkswagen owners.

When you graduate from a Volkswagen Sedan to a Volkswagen Station Wagon, you really step up in the world.

The Station Wagon stands a good foot taller than other cars. And holds more than the biggest conventional wagon you can find.

But the VW Wagon isn't only tall.

It's also short.

We saved 4 feet of hood in front by putting the engine in back.

Big as it is inside, it's only 9 inches longer than the Volkswagen Sedan.

So people who move up to the high-slung model still feel very much at home.

They park in the same little spots.

They still don't worry about freezing or boiling; the engine is air-cooled.

They still go a long way on a gallon of gas (about 23 mies) and a very long way on a set of tires (about 35,000 miles).

And it just tickles them to drive one Volkswagen and look down on a million others.
