## Hull, PTA Leader Receive 'Golden Apple' Citations

Presentation of Golden Apple awards to Dr. J. H. Hull, superintendent of schools, and to Mrs. Hiroshi Muranaka, an active school and community leader, were revealed this week by the Torrance Elementary School Principles Association.

Made each year as part of the group's program for improving the services offered to the children of Torrance, the Golden Apple awards presentations are the principals' way of "recognizing and encouraging outstanding performance in education and child welfare," according to the group's president, William Forrest.

Dr. Hull was honored "as the educator who has contributed beyond the call of duty to the profession in general, and to the children of Torrance in particular." He was cited for his many accomplishments in education and in civic and community affairs.

Mrs. Muranaka, a past president of the Howard Wood PTA and president of the Torrance Council PTA, is active in Little League, Campfire Girls, Girl Scouts, and

other civic endeavors, and was honored for "her untiring efforts on behalf of the schools and the children of Torrance." Forrest said. The presentations were made at a breakfast meeting of the principals.
