

Postal Savings System Funds Should be Claimed

NOTICE OF PUBLIC HEARING
NOTICE IS HEREBY GIVEN THAT Public Hearings will be held before the Torrance City Council on the proposed budget for the fiscal year beginning July 1, 1966 and ending June 30, 1967, on the following dates:
June 21, 1966, 8:00 P.M.
June 22, 1966, 8:00 P.M.
All persons interested in the above matter are requested to be present at the hearings, or to submit their written approval or disapproval to the City Clerk, 3031 Torrance Boulevard, Torrance, California.
A copy of the proposed budget is on file in the office of the City Clerk, Room 109, City Hall, 3031 Torrance Boulevard, which may be inspected by citizens pursuant to this notice. This notice is given pursuant to order of the City Council, and is dated this 27th day of May, 1966.
CITY OF TORRANCE
VERNON W. COIL
City Clerk
By order of Edward J. Ferraro,
City Manager
W-June 1, 1966 and June 8, 1966.

Postmaster Carl L. Backlund today urged local citizens who have funds on deposit in the abolished Postal Savings System to convert their holdings into United States Savings Bonds.
"Postmaster General Lawrence F. O'Brien, who is Chairman of the Federal Savings Bonds Campaign, has appealed to the 930,000 Americans who have \$285,000,000 on deposit with the Post Office Department to convert their investments into United States Savings Bonds," Backlund stated.
"I join him in urging local citizens who have Postal Sav-

ings Accounts to make that change which will be of great benefit to both themselves and our country. Savings Bonds offer every advantage of convenience and security formerly available through Postal Savings Certificates plus many other advantages unique to Savings Bonds."
AMONG THOSE special advantages, the Torrance Postmaster said, are Savings Bonds' higher interest rate of 4.15 per cent and "the great intangible benefit of supporting our country in the fight for freedom in the world and for economic progress and security here at home."

The Postal Savings System was made because of declining interest in it by the general public as a savings and investment medium. Higher interest rates paid by financial institutions and other means of investment had attracted the bulk of funds which formerly went into Postal Savings and the convenience factor was negated by expanded hours of service by banks.
The original purposes of the Postal Savings System were to (1) get money out of hiding, (2) attract the savings of immigrants who were accustomed to savings at post offices in their native countries, (3) provide safe depositories for people who had lost confidence in private banks and (4) provide more convenient depositories for savings of working people who were unable to bank during regular banking hours.

Backlund said details about the procedure for conversion can be obtained from the postmaster of any Postal Savings Depository Post Office (which includes Torrance).
The Postal Savings System, in operation since Jan. 1, 1911, was discontinued April 27, 1966, by Act of Congress. The Post Office Department presently is liquidating its accounts and on July 1, 1967, will transfer all unclaimed assets of the System to the Treasury Department.

"The purposes have long since been fulfilled," Postmaster Backlund commented, "and, as O'Brien has emphasized, no greater new purpose could now be served by funds on deposit in the Postal Savings System than to put them to work for America in the form of United States Savings Bonds."
THE DECISION to abolish

W. T. Grant Store Puts \$50,000 Into Loan Fund

F. E. Skor, manager of the W. T. Grant store at 1201 W. Carson St., today announced that The Grant Charitable Trust is holding in reserve \$50,000 for the "DECA" Scholarship/Loan Awards Fund.

The grant will be used to match, dollar for dollar, every dollar raised by national Distributive Education Clubs of America for its Scholarship/Loan Awards Program.
"The \$100,000 thus raised will be wisely administered for the benefit of a number of deserving and ambitious young DECA students who might otherwise be denied the opportunity to expand their success-horizon through continued education," he noted.

"We in business admire the willingness of DECA students to help themselves; to recognize that tremendous opportunity exists for those willing to work hard for it and that 'something-for-nothing' is a dream too many people enjoy these days. That is why we in the Grant Company and other great retail and marketing companies back the Distributive Education Clubs program to the hilt. It is the most significant vocational education program being offered today," Skor stated.

In 1962, The Grant Charitable Trust had similarly given \$35,000 on the same matching basis, to help launch the Scholarship/Loan Awards program which has, since that time, provided the necessary funds to enable 79 DECA students to continue their education into college.

Public Notice
PH-4059
NOTICE OF PUBLIC HEARING
NOTICE IS HEREBY GIVEN that a Public Hearing will be held before the Torrance City Council at 5:30 P.M. on June 21, 1966, in the Council Chamber, City Hall, Torrance, on the following matter:
V 86-5: Petition of ELIZABETH SENNESS for a variance to permit operation of an existing horse lavup (race horse recuperation) in the R-1 zone. A previously granted variance, now expiring after a two-year limitation, permitted the keeping of horses for personal use. The subject property is located westerly of Greenwood Boulevard at the southerly City Boundary and described as a portion of Lot 5, Tract 9765, precise legal description on file in the Planning Department office.
All persons interested in the above matter are requested to be present at the hearing or to submit their written approval or disapproval to the City Clerk, City Hall, Torrance, California.
VERNON W. COIL
City Clerk
W-June 8, 1966.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain
New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.
In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations. Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place. Most amazing of all—improvement was maintained in cases where a doctor's observations were continued over a period of many months!
In fact, results were so thorough that sufferers were able to make such astonishing state-

ments as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing. All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body. This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually sealed suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters.
