If you're counting on a new VW, you can stop at \$1663 P.O.E.

In fact, when it comes to money, a VW will save you a lot of counting after you buy it, too. On gas bills. (It gets about 29 mpg.) On tires. (They average 40,000 miles.) It hardly ever needs oil between changes. And, since the engine is air-cooled you never have to dish out for anti-freeze. So if you don't like to count, buy a Volkswagen. It figures.
