... Budget

(Continued from Page 1) will be set by the council during a meeting in late August, will be about \$12,180 per \$100 assessed valuation.

IN OTHER action, the council:
 • Approved a recommendation by Arthur Horkay, city

traffic engineer, that Ocean Avenue be designated a through street between Pacific Coast Highway and Sepulveda Boulevard. Councilmen ordered four-way stop signs installed at the Lomita Boulevard and at 230th Street intersections if a four-way stop is needed at that location.
 • Postponed until July

26 consideration of a report on the feasibility of the city purchasing the Torrance properties of Dominguez Water Co. and the California Water Service Co.
 • Granted an off-street parking variance to the First Baptist Church of Torrance. The variance permits parking in an R-a zone at 1720 and 1724 Manuel Avenue.

City Council Sets Special Meet Tonight

Torrance Councilmen will convene this evening at 7 o'clock to hear an appeal regarding an entertainment permit for a bar and to continue work on last night's long agenda.

The meeting had been scheduled to hear the appeal of a bar owner who was denied an entertainment permit by the city's License Review Board, but additional matters were added to the agenda when the clock moved past the midnight hour last night.

Chief item on the agenda is an appeal from Don Bartelme, owner of The Bounty Room at 4419 Torrance Blvd. Bartelme was denied an entertainment permit May 18.

The council will meet at 6:45 p.m. as the city's Redevelopment Agency to hear a report from its Finance Committee. The committee, however, has scheduled a session at 6 p.m. to discuss ways of financing the city's share of the proposed Meadow Park Urban Renewal project.

Torrance Pastor Named to Board

The Rev. Clifford L. Tierney, pastor of the South Bay Church of God, has been elected to a five-year term as a member of the Board of Church Extension and Home Missions of The Church of God.

The Rev. Tierney was elected to the post during the church's 77th annual convention.

... Hospital

(Continued from Page 1) factors, flight patterns, and related matters which make the airport incompatible with such developments. Why is this different?" he asked. Other councilmen were quick to agree with Lyman. But, asked Mayor Albert Isen, "How can we deny the hospital 10 free acres?"

Airport Manager Jack Egan told the council the medical complex presented a "new set of facts" and added, "I'm not being inconsistent." Egan

said construction plans and the nature of the facility being contemplated makes the development compatible with the airport.

DURING A discussion of alternatives open to the council, backers of the huge complex agreed to pay the fees for an acoustical consultant to advise the council. Dellgercio also said no "satellite" buildings would be built until the hospital is assured.

The rezoning is subject to a precise plan of develop-

ment, which permits the council to retain some controls over the placement, design, and general configuration of the facility.

Ensminger in comments about the proposed hospital, said it was a "very monumental program" and would provide Torrance with "one of the finest medical centers in the United States." He also told the council the complex would create jobs for some 4,000 persons when completed.

Councilmen voted unanimously in favor of the rezoning with Lyman casting a "very, very reluctant yes." Ted Olson said he "walked in opposed to this," but added he had been convinced the complex would be "a real addition to the community."
