Emergency Business Check Program Established Here

A new program to establish better rapport between Torrance businessmen and the city's Police Department has been initiated here, according to Police Chief Walter R. Koenig.

Uniformed police officers are visiting individual businessmen to become acquainted with merchants and secure information for an emergency check card. The information is needed in the event

it becomes necessary to contact merchants when the businesses are closed.

In addition, Koenig said, uniformed and plain clothes officers are being encouraged

Tormenting Rectal Itch Stopped In Minutes

Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles

New York, N. Y. (Special) — One of the most common afflictions is a condition known as "itching piles." It is most embarrassing for the victim during the day and especially aggravating at night.

No matter what you've used without results — here's good news. For the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids — without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection.

This improvement was maintained in cases where a doctor's observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 20 years' duration.

The secret is this new healing substance (Bio-Dyne[®]) — discovery of a world-famous research institution. This substance is now obtainable in ointment or suppository form known as Preparation H[®]. Ask for Preparation H Suppositories (convenient to carry if away from home) or Preparation H Ointment with special applicator. Available at all drug counters.
