

20 Laker Basketball Tilts Scheduled for Television

Twenty Los Angeles Lakers road games will be televised this season. They will be carried over KTLA (channel 5), with Chick Hearn describing the action.

Television coverage will begin Sept. 30, when the Lakers play Baltimore in the first game of a pre-season double feature at San Francisco. Another pre-season telecast will be of the Laker-Warrior game in Fresno, Oct. 10.

The 18 NBA games to be carried by KTLA include Laker encounters at Chicago, Oct. 17; New York, Oct. 21; Boston, Nov. 3; St. Louis, Nov. 18; Seattle, Nov. 21; Boston, Dec. 1; San Diego, Dec. 9; Seattle, Dec. 10; San Diego, Dec. 25; St. Louis, Dec. 30; San Francisco, Jan. 2; Cincinnati, Jan. 25; St. Louis, Jan. 28; Seattle, Jan. 30; Baltimore, Feb. 13; Philadelphia, March 1; and San Francisco, March 9.

The Laker game in Boston, Feb. 11, will be carried nationwide as ABC-TV's game-of-the-week.

OVERGROWDED SCHOOLS
California's public schools will have 70,000 pupils on half-day sessions this year.

Waiting until Saturday night to open the season at Glendale are the North High Saxons.

The Saxons will send a veteran squad into action. QB Dan Hansen and slot back Tim Dillard are the keys to the backfield. Tackle Rick Francis came out of the '66 campaign as North's top lineman. Glendale is a Foothill League powerhouse.

LANGUAGE LABS
Fourteen hundred foreign language laboratories are in operation in California public schools now compared to only four in 1957.

CIF Schools Set Fast Pace in 1966

When schools in the CIF (Southern Section) launch the prep football campaign this weekend, 148 games will be involved.

Some of the schools which finished with very impressive records last year and those with a reputation for winning have scheduled each other in non-league games to take advantage of potential big "gates."

Mater Dei and Santa Ana tangle tomorrow at the Santa Ana Bowl. Anaheim travels to Chaffey Friday while Long Beach Poly tests Santa Ana Valley.

Saturday at Sentinel Field Loyola and Centennial bump heads.

Trying to top last year's record breaking season will be a challenge. Among the year's accomplishment were everything from field goal to "penalty" records.

A 43-yard field goal against Marina put Western High's Buddy Abourezk in the CIF Record Book as his boot eclipsed the previous record of 41 yards established in 1965 by Rikki Aldridge of Westminster and equaled last season by Lakewood's Ron Ayala.

Steve Biegenzahn of South Pasadena broke Kurt Zimmerman's four-year-old conversion record when he clicked on 28 consecutive PATs, besting Zimmerman's 1962 mark of 22 in a row.

Steve Biegenzahn of South Pasadena broke Kurt Zimmerman's four-year-old conversion record when he clicked on 28 consecutive PATs, besting Zimmerman's 1962 mark of 22 in a row.

Rounding out the list of individual performances added to the books during the 1966 season was Morningside's Bob Trythall's 100-yard pass interception return. It ranks just below Bolsa Grande star Jeff Congdon's 103-yard return against Garden Grove in 1960.

Four new attendance records were set last year as 33,374 fans watched Anaheim defeat Mater Dei in the CIF semi-finals at Anaheim Stadium, 25,049 witnessed the CIF finals victory by El Rancho

over Anaheim in the Coliseum, 20,092 were on hand for the regular-season clash between Servite and Mater Dei at Anaheim Stadium and 17,432 saw Lakewood and Long Beach Wilson collide at Veterans Stadium in a Moore League thriller.

Mater Dei, snapping a win streak which extended from 1964, joined the roster of schools with the longest winning streaks in Southland history with its 25-0-1 mark.

El Rancho, en route to the CIF "AAAA" championship,

gave CIF, SS, schools something to shoot at with a season scoring total of 518 points, a 39.9 point-per-game average.

Capping the 1966-67 season with a "record in reverse" Neff High of La Mirada, during its 50-7 victory over Wilson of La Puente, was called for 255 yards in penalties, a figure which must stand as a Southland prep standard.

You'll soon be receiving your new telephone directory. And one thing you'll notice right away is that the front pages have all been completely redesigned. You'll find them easier to use, easier to understand and full of useful information about how to use your phone.

For example, emergency numbers, area codes, how to dial direct, how to dial the weather or time or get repair service—those are just some of the things you'll find in the new front pages. There's a complete index on Page 3.

We asked several hundred phone users what they liked and what they wanted in the front pages. The new directory, incorporating many of those ideas, will be coming your way soon. And there's a whole new look in the front of your book... to make looking easier for you.
