Cards Depict Great Moments of History

Introduction of a new patriotic project, Historical Moments in American History, has been announced by Vons' Grocery Co.

Officials of the store said the project would feature 24 attractive color cards, measuring 2½ by 2¾ inches, portraying some of the greatest moments in American history.

The cards will be attached to a loaf of Vons bread. The project begins this week and will continue through the end of the year.

STORE OFFICIALS said the project is designed to give youngsters a better understanding and appreciation of their American history and heritage.

Each card, in addition to a color picture portraying the historic events, contains a description of the event. The series begins with the signing of the Mayflower Compact in 1620 and concludes with the 1962 orbital flight by Col. John Glenn.

Other cards in the series depict such events as the Battle of Gettysburg, the completion of the Panama Canal, the discovery of the North Pole by Robert E. Peary, the D-Day invasion of Normandy, and the first airplane flight

by Orville and Wilbur Wright.

IN ADDITION, Vons is offering a keepsake album in which to mount and display the cards. The attractive royal blue albums are available at any Vons market for 29 cents each.

"With the increasing challenge to American patriotism today, our firm decided to attempt in some small way to help the wonderful youngsters in this area to better understand their American heritage and help instill a sense of pride in our great nation," T. A. Von der Ahe, president of the chain said.

"The illustrations and comments on each card are truly memorable and we're happy to offer them at our stores during the next several weeks," he added.

From Fleischmann: The Preferred Whiskey.

A lot of people like Fleischmann's Preferred. And they can tell you why. Most would say they simply like the way it tastes. For some, it's the 90 proof. For others, it's the value of Preferred. This is very fine whiskey—at a very decent price. A good many people might even tell you the important thing is the Fleischmann name. (And that's just the kind of confidence we've tried to create—every step of the way since 1870.) It's an easy whiskey to like.
