

Expulsion Of Powell Draws Mail

The controversy which led to the expulsion of Adam Clayton Powell from the House of Representatives last month prompted the heaviest mail to his Washington office, Congressman Alphonzo Bell reported today.

Bell (R-Los Angeles) said the Powell controversy was one-two on the list of the 10 subjects which drew the heaviest mail. Correspondents urging that Powell be excluded from Congress topped the list, while letters urging that Powell be censured and seated were in second place.

Other letters, Bell said, urged him to:

- Express concern about trade agreements with communist nations.
- Support the creation of an ethics committee for the Congress.
- Criticize various aspects of escalation of the war in Vietnam.
- Favor Senate passage of the U. S.-Russian consular treaty.
- Oppose U. S. sanctions against Rhodesia.
- Oppose Senate ratification of the U. S.-Russian consular treaty.
- Advocate additional American aid to combat famine in India.

Hearing Ordered In Assault Case

A 19-year-old Torrance youth shot March 17 by an off-duty policeman is scheduled to appear in South Bay Municipal Court Friday to answer charges of burglary and assault.

Bobbie Frederickson, of 703 Sartori Ave., Apt. C, remains in the prison ward at Los Angeles County General Hospital. He was arraigned March 27 before Judge Otto B. Willett on one count of assault with intent to commit rape and one count of burglary.

Frederickson was shot by Ron Bryning, a Torrance police officer who said he was responding to cries from a neighbor.

Police said Sara Beth Mitchell, 31, of 718 Amapola St., was awakened on the morning of March 17 and discovered a man trying to enter her apartment. Bryning said he saw the suspect fleeing as he started outside. He yelled at the man and fired at the man, later identified as Frederickson.

Frederickson was hit once in the right shoulder and was apprehended in the 800 block of Amapola Street. Bail was set at \$1,100.

FOR 'HENRY V' Globe Replica Built at ECC

A new version of a landmark of the Elizabethan Age, the El Camino reconstruction of the Globe stage is an octagonal stage which is adaptable to all types of plays, Dr. Howard Banks, theater arts instructor, said. "The dramas of Shakespeare's period were performed with-out scenery and a back-ground of doors and balcon-ies on several sides permitted freedom of movement for the actors," he added.

Les Thomas, stage director at the Campus Theater for the past 12 years, is working with Dr. Banks to supervise construction of the replica at the boxoffice.
