BEST DOLL DESIGN . . . Linda Blaszak (at left), of 1152 W. 213th St., has won a \$100 first place award for her dress design in a contest sponsored by Mattel, Inc. She won in competition to design fashions from late 19th Century France. With Miss Blaszak are (from left) Larry Friedman of Sherman Oaks, second place; Ikuko Takigawa of Los Angeles, honorable mention; and J. Stephen Lewis, vice president-doll product design, of Mattel.

DURING MONTH OF MAY

Gas Company Will Refund Dryer Installation Cost

Modern housewives in the growing market for gas dryers have special reasons to "Buy Now" during the month of May, H. J. Johnson, Southwest Division sales manager for the gas company, said today.

He announced that all purchasers of a gas dryer in May will experience easier installation from a special \$10 allowance from the investor-owner public utility.

Johnson explained that from May 1 through May 31 when customers buy a new gas dryer from their local dealers, they will receive an installation certificate from the salesman which they must fill out and mail, along with the sales slip, to the gas company.

THE UTILITY will return the sales slip with a check for \$10. This should cover a significant part of any installation cost, Johnson said. "The offer covers sales of all models of new gas dryers installed on the lines of Southern California or Southern Counties Gas Cos. and is aimed at making it more convenient for buyers to complete installation," Johnson said.

This new feature, he added, is just one of many customer advantages that includes initial cost, low operating cost (fewer moving parts and lower fuel costs), and speed of drying.

ALL THIS has made the gas dryer the leader in Southern California by a 2-1 count in sales, Johnson said.

Aside from this incentive to offset installation costs, an advantage that often goes along with purchasing gas dryers is that most homes are already "studded" for the appliance.

"Buy Now" is the motto for Southland housewives during May and the gas dryer can truly make it a merry month.

Homeowners Name Borton As President

Problems of a proposed rubbish dump, truck traffic, and future freeway routing appear high on the agenda for new officers of the Welteria Homeowners Association following election last week.

President William Borton, who led the fight against establishment of a private dump on the site of the former Torrance Sand and Gravel Co. operation, heads up the new slate of officers. Others elected by the homeowners include Claude Hendrix, vice president; Al Rascon secretary, and Robert Elliott, treasurer.

The new officers immediately began a membership drive and said any resident in the area from Ellinwood east and south to the city boundaries was being invited to join.
