We have a tendency in this great land of ours to take things for granted. Many of us haven't the remotest idea of how the other half lives. One of the contributing factors that makes America great is freedom. Unlike so many countries, we can move about as we choose. One of those freedoms is Freedom of Worship, the right to worship as we please. Scores of churches are as easy to reach as stepping on an RTD bus. This makes excuses for staying home as hard to come by as free tickets to the Music Center. Send for a free map of the bus line serving the church, parish, or synagogue of your choice.

The 30th of this month is another of those one-day holidays, just the time for a one-day vacation trip. The 53 line from Los Angeles to Pomona is an interesting trip, to say the least. It goes out Mission and Valley Boulevard to El Monte, and then through La Puente, Walnut, and Spadra to Pomona. The scenery from La Puente to Pomona is beautiful, giving you a view of nature before the bulldozer took its toll. The trip, one way, takes about an hour and 35 minutes. While in Pomona, visit their new Mall with its shops and stores, have lunch, and return later in the day. The 53 line starts at the RTD station, 6th and Los Angeles, then travels north on Spring Street. Send for a map and plan a do-it-yourself one-day trip.

Hollywood Park continues to provide the ultimate in horse racing, and RTD continues to provide the ultimate in bus service to the Park. Indirectly, RTD becomes a recognized deterrent of automobile accidents. By using the bus, racing fans can devote all their attention to the scratch sheet. In addition to this solid contribution, the RTD provides a mobile retreat for members of the "IF" Club (if I had bet on No. 3 in the 7th race). Send for RTD's informative Hollywood Park folder today.

Q How do I get to the Shrine Auditorium from Redondo Beach? Also to North Primrose Avenue in Alhambra? Mrs. V.A.

A The 51 line operates hourly service, on the hour, from Redondo Beach (Catalina and Avenue I). Take the 51 to Jefferson and transfer or walk west to Figueroa and the Shrine. To go to Primrose, get off the 51 at 7th and Spring and catch the 52 line to Primrose and Main Street in Alhambra.

Q How do I get to 626 Wilshire Boulevard from Palos Verdes Boulevard and Calle Miramar? Mrs. J.I.S.

A The 51 line on Palos Verdes Boulevard will take you to 7th and Olive, where you can transfer to the 83 Wilshire to your address. I'll send you timetables and a map.

Q Please tell me how to get to the Coliseum and Dodger Stadium from Harbor City.

A RTD does not serve that area. Take the Gardena 4 line to downtown Gardena and change to their 1 line to Santa Barbara and Main. Walk 2 blocks west and catch the 5 line to the Coliseum. For Dodger Stadium, ride the Gardena 1 line to 6th and Main, walk one block west to Spring and catch the 177 to the Stadium. I'll send you all necessary timetables for RTD.

Q I live on Pennsylvania Avenue in Lomita. Is there any place near my home I could take a bus directly to Los Angeles? I've been going into San Pedro. R.M.

A Seems to me, it would be easier to catch the 37 line on Avalon and Lomita, or take the Greyhound local to Wilmington, if their schedule works out. You're in an area with limited bus service. Wish I could help you.

## Students Receive TB Tests

A program for the prevention of tuberculosis is being given at Narbonne High School this week. The health service is offered to the students free of charge by the Los Angeles City Board of Education.

There are several things people need to know about tuberculosis in order to prevent an exposure to the disease. Tuberculosis is caused by a germ. It is not inherited. The tuberculosis germ is finding the disease in its early stages. The skin test is a simple injection into the skin. Only tests may show if there has been of the disease. It is important to know that tuberculosis can be cured. The tuberculosis skin test and chest x-ray assist in finding the disease in its early stages. The skin test is a simple injection into the skin. Only tests may show if there has been of the disease.

## 'No Smoking, No Fires' Signs Posted in County

"No Smoking—No Fires" signs have been posted throughout the brush covered areas of Los Angeles County because of increasing fire danger. County Fire Chief Keith E. Klinger announced today.

All areas served by the County Fire Department which are posted are "closed areas" and smoking and open fires of all kinds are prohibited by ordinance.

"Because of the early end of our winter rains, the hillsides are becoming dangerously dry," Chief Klinger said. "The unseasonal hot, dry winds during Easter week quickly reduced the moisture content of the brush."

In areas where the "No Smoking" signs have been posted, smoking is prohibited in cars, on horseback, and in all places except those of habitation and those posted as "safe smoking areas."

"Last year's disastrous brush fires burned more than 10,000 acres throughout Los Angeles County. More than 50 homes and other buildings were damaged or destroyed during these fires," the chief commented.

"Every resident and every motorist in our watershed areas has a responsibility to help prevent fire," Chief Klinger reminded. "On hot, dry, windy days, a tiny spark can turn the hillsides—and the homes—into an inferno." Rainfall for this year is down considerably from 1967, accounting for the early dry-out.
