

Ski Group Formed by Students

Teenage skiers in Torrance don't have to go to the mountains before they can begin practicing in the snow.

As a result of successful teenage ski classes in Torrance last year, the Torrance Recreation Department and the Recreation Committee of the Torrance Youth Council have planned a new program this year.

In addition, a "Youth Ski Association" has been formed which is comprised of students from Torrance high schools and the Recreation Committee of the Youth Council.

A teenage ski class will be offered from Nov. 18 to Dec. 16, meeting Monday nights for two hours at La Romeria Park beginning at 6:30 p.m. Students will meet Nov. 25 at the Recreation Center for a fashion show, ski film, and a talk on ski safety.

Members are presently planning a four-day ski trip over the Christmas vacation to Brian Head, Utah.

People . . . On the Move

(Promotions, Assignments, Affiliations)

Roscoe Anthony Jr., 265 Vista Del Parque, has been elected to the top management post of operating vice president of the Southern California Water Company, a statewide water utility. He has been with the company 19 years.

Gustave H. Ley, manager of Security Pacific National Bank's Wilmington Branch, has completed 40 years with Security Bank in the Harbor area.

Dr. Richard D. DeLauer, TRW vice president and general manager of the Systems Group, has been elected a fellow of the American Institute of Aeronautics and Astronautics. Dr. DeLauer joins TRW executives Dr. Simon Ramo, Dr. Ruben F. Mettler, and Dr. A. K. Thiel, who previously have been accorded the rank of fellow.

Dr. Harold E. Adelson, senior physicist at TRW Sys-

tems Group, has been appointed director of the Research Applications Laboratory at TRW's Physical Research Center.

Appointment of Mott C. Farrell of Torrance as assistant manager of First Western Bank's Compton office has been announced. Farrell, a past president of the Torrance Lion's Club, is a member of the Elks Lodge, the Masonic Lodge, and the Shriners.

Jay W. Walker, 3507 Cricklewood St., has been appointed a special agent for the Long Beach ordinance agency of Prudential Insurance Co. Walker is secretary and a past president of the Toastmasters International of Torrance.

William R. Thomas, 48, has joined Pacific Lighting Corp. as vice president. Thomas is a former vice president and director of Cutter Laboratories, Inc., of Berkeley, Calif., and a graduate of the University of California, Berkeley.

William Fullmer and John Everett, both of Torrance, have been promoted to the rank of fire specialist with the Los Angeles County Fire Department. Fullmer has been assigned to Camp No. 7 in Lake Hughes and Everett will be stationed at Camp No. 12 in Castaic.

FOR OLYMPICS . . . Sandy Cunningham, a senior at North High School, bags popcorn as part of fund-raising drive for the Olympic treasury. Students at North ate more than 1,000 bags of popcorn during Wendy Cluff Week. Proceeds of the sale were donated in honor of Wendy, a North High senior who competed in the women's gymnastics division of the recent Mexico City Olympic competition.

Peninsula Water Company Wins Advertising Award

Better community relations through advertising and public relations programs are important at the Palos Verdes Water Co. and their efforts have been honored with an Achievement Award by the American Water Works Association, California Section, at the group's recent convention in Anaheim.

In addition to the advertising campaign familiar to Peninsula residents, the water company's award was received for their program of lectures on water supply to school children; "Opera-

Christmas Fund Checks Now in Mail

Some \$57,000 for retail purchases and other uses in the pre-holiday season is being distributed to Christmas Club savers in the Centinela Valley-South Bay area this week by Centinela Valley Bank, president Rowan Henry has announced.

Henry said 244 of the Inglewood - headquartered bank's customers who participated in the Christmas Club savings program this year averaged about \$230 each.

"This annual payout comes at a time when Christmas shopping starts and the extra cash is welcome, too, by those faced with year-end bills including property tax statements," the bank president related.

Wisconsin is the leading state in milk production, producing 18.5 billion pounds, 15.6 per cent of the U. S. total, in 1967.

Birth of Volcano

The Los Angeles County Museum of Natural History Documentary Film Series, in cooperation with the Torrance Recreation Department will present two films to Torrance families Friday, Nov. 22.

The unusual birth of a new volcano and the island it produced off the coast of Iceland is the subject of the film, "Volcano Curtsey."

"Le Mistrel" is the tale of the famous wind which seasonally comes to the south-

ern coast of France. This film portrays the physical power of Le Mistrel, the psychological effects it has on the people and some of the customs that have grown from it.

The film series will be presented at the Joslyn Center, 3335 Torrance Blvd. at 7:30 p.m. and is open to the public, free of charge.

GETTING UP NIGHTS MAKES MANY FEEL OLD

Common Kidney or Bladder Irritations make many men and women feel tense and nervous from frequent, burning or itching urination night and day. Secondly, you may lose sleep and have headache, Backache and feel older, tired, depressed. In such cases, CYSTEX usually brings relaxing comfort by curbing irritating germs in acid urine and quickly easing pain. Get CYSTEX at drugists.

Beat the phone company out of a couple of bucks.

Wait till after 7 p.m. and call anywhere in the country for a dollar.

A lot of long distance callers would be in seventh heaven if they could put one over on the phone company. Because they think we're putting one over on them. Their gripe is that they're paying more for calling long distance during the day than in the evening hours. But since most people insist on calling during the day, our overhead goes up, up, up. So our prices can't go down, down, down. And that's why we charge our regular rates. But at nighttime, we can practically hear a pin drop. Hardly anybody calls long distance, so hardly any equipment is being used. And that's when any long distance caller can beat us out of a couple of bucks. Because if you can wait till after 7 p.m. or any time of the day on Saturday and Sunday, you can call anybody, anywhere in the country for a dollar or less. So you don't really need a lot of money to call long distance. All you need is a little patience.

General Telephone
A dollar goes a long way.

*Must three minutes, interstate, station to station, continental U.S.
